

**Department of Energy**  
Washington, DC 20585

**WEATHERIZATION PROGRAM NOTICE 16-2A**  
**EFFECTIVE DATE: January 8, 2016**

**SUBJECT:** PROGRAM YEAR 2016 GRANTEE ALLOCATIONS - REVISED

**PURPOSE:** To provide revised Grantee allocations for the preparation and submission of applications for funding of the Weatherization Assistance Program (WAP) for Program Year (PY) 2016.

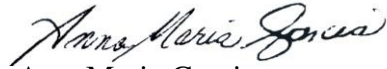

The Grantee allocations DOE distributed December 31, 2015, in WPN 16-2, were incorrectly calculated. Per CFR 440.10(b), the full impact of the formula is in effect when the total program allocations are at or above \$209,724,761. The total distribution of funds for WAP in FY 2016 is \$213,814,000; however, total program allocations, defined as the annual appropriation less funds reserved for training and technical assistance, falls *below* \$209,724,761. Therefore the US Department of Energy (DOE) should have calculated the allocations as outlined in CFR 440.10(c). This provision in the regulation requires DOE to revise all Grantee allocations accordingly. The revised allocations for each Grantee are provided in the attached table.

**SCOPE:** The provisions of this guidance apply to all Grantees applying for financial assistance under the Department of Energy (DOE) WAP.

**LEGAL AUTHORITY:** Title IV, Energy Conservation and Production Act, as amended, authorizes the DOE to administer the WAP (42 U.S.C. § 6861 *et seq.*). All grant awards made under this program shall comply with applicable law and regulations including the WAP Regulations contained in 10 CFR Part 440.

**PROCEDURES:** On December 18, 2015, the President signed the Consolidated Appropriations Act, 2016 H.R.2029. Under this Act the Weatherization Assistance Program was appropriated \$215 million for formula distribution and training and technical assistance (T&TA) activities at Headquarters.

DOE regrets any confusion or inconvenience to the Grantees. The final Grantee allocations included in this revised Notice are to be used in conjunction with Weatherization Program Notice 16-1 entitled *Program Year 2016 Weatherization Grant Guidance*, with its two attachments: 1) *Administrative and Legal Requirements Document*; and 2) *Application Instructions*, in developing the annual Grant application for PY 2016.

AnnaMaria Garcia

Director

Weatherization and Intergovernmental Programs Office  
Energy Efficiency and Renewable Energy
