COAD and MEOAG would like to thank the Norris' residents, our project partners and stakeholders, American Electric Power, Columbia Gas, Testo, Fluke, Ohio Partners for Affordable Energy, the Ohio Department of Development Office of Community Services, and others.

The Weatherization effort is one example of a larger effort which highlights the benefit of both the Home Weatherization Assistance Program and the opportunity for market transformation in the private energy efficiency retrofit sector. By working together, through strategic investments in energy efficiency projects, we can revitalize our communities, deliver the promise of good, green jobs, increase our national security, and protect our environment Thank you for joining us!

Thank you for celebrating Ohio Weatherization Month with us!
