EFFECTIVE DATE: January 9, 2008

SUBJECT: PROGRAM YEAR 2008 STATE ALLOCATIONS

PURPOSE: To provide final State allocations for preparation and submission of applications for funding of the Low-Income Weatherization Assistance Program for Program Year (PY) 2008.

SCOPE: The provisions of this guidance apply to all grantees applying for financial assistance under the Department of Energy (DOE) Weatherization Assistance Program.

BACKGROUND: Title IV, Energy Conservation and Production Act (as amended) authorizes the Department of Energy to administer the Low-Income Weatherization Assistance Program. All grant awards made under this program shall comply with applicable law, including regulations contained in 10 CFR Part 440, and other procedures applicable to this regulation as DOE may, from time-to-time, prescribe for the administration of financial assistance.

PROCEDURES: On December 26, 2007, the President signed Public Law No. 110-161, Consolidated Appropriations Act, 2008, which provided funding to the Weatherization Assistance Program for Fiscal Year 2008 at \$227,221,297 after the across the board rescission of .091 percent was applied. The final State allocations included in this guidance are to be used in conjunction with Weatherization Program Notice 08-1, PY 2008 Weatherization Grant Guidance, in developing the annual grant application for PY 2008. States should develop their final PY 2008 State Plans based on these allocations.

NOTE: Allocations are prorated from 1995 levels under Public Law 103-332 since appropriations result in total state program allocations below threshold as indicated in 10 CFR 440 (Federal Register, Vol. 60, No. 107, pgs 29469-29481, 6-5-95). Therefore, census and EIA data updated since 1995 do not impact allocations.
