WEATHERIZATION PROGRAM NOTICE 10-2
EFFECTIVE DATE: December 8, 2009

SUBJECT: PROGRAM YEAR 2010 GRANTEE ALLOCATIONS

PURPOSE: To provide final Grantee allocations for preparation and submission of applications for funding of the Low-Income Weatherization Assistance Program for Program Year (PY) 2010.

SCOPE: The provisions of this guidance apply to all Grantees applying for financial assistance under the Department of Energy (DOE) Weatherization Assistance Program.

LEGAL AUTHORITY: Title IV, Energy Conservation and Production Act, as amended, authorizes the Department of Energy to administer the Weatherization Assistance Program. All grant awards made under this program shall comply with applicable law including regulations contained in 10 CFR Part 440 (issued February 1, 2002), the Energy Policy Act of 2005, the Energy Independence and Security Act of 2007, the American Recovery and Reinvestment Act of 2009 and other procedures applicable to this regulation as DOE may, from time-to-time, prescribe for the administration of financial assistance.

PROCEDURES: On October 28, 2009, the President signed into law the Energy and Water Development and Related Agencies Appropriations Act, 2010, Public Law 111-85, which provided funding to the Weatherization Assistance Program for Fiscal Year 2010 in the amount of \$210,000,000. This \$210,000,000 in funding includes \$180 million for the traditional Weatherization, of which \$3.3 million was allocated for Headquarters Training and Technical Assistance, and \$30 million for an innovative leveraging project. The final State allocations included in this guidance are to be used in conjunction with Weatherization Program Notice 10-1, Program Year 2010 Weatherization Grant Guidance, in developing the annual grant application for PY 2010. States should develop their final PY 2010 State Plans based on these allocations.

NOTE: Allocations are prorated from 1995 levels under Public Law 103-332 since appropriations result in total state program allocations below threshold as indicated in 10 CFR 440 (Federal Register, Vol. 60, No. 107, pgs 29469-29481, 6-5-95). Therefore, census and EIA data updated since 1995 do not impact allocations.
