**WEATHERIZATION PROGRAM NOTICE 11-2**  
**EFFECTIVE DATE: May 26, 2011**

**SUBJECT:** PROGRAM YEAR 2011 GRANTEE ALLOCATIONS

**PURPOSE:** To provide final Grantee allocations for the preparation and submission of applications for funding of the Weatherization Assistance Program (WAP) for Program Year (PY) 2011.

**SCOPE:** The provisions of this guidance apply to all Grantees applying for financial assistance under the Department of Energy (DOE) WAP.

**LEGAL AUTHORITY:** Title IV, Energy Conservation and Production Act, as amended, authorizes the DOE to administer the WAP. All grant awards made under this program shall comply with applicable law and regulations including the WAP Regulations contained in 10 CFR Part 440.

**PROCEDURES:** On April 15, 2011, the President signed into law the Department of Defense and Full-Year Continuing Appropriations Act, 2011 (H1473), Public Law 112-10 which appropriated \$1,835,000,000 for Energy Efficiency and Renewable Energy. From this \$1.835 billion DOE provided funding to the WAP for Fiscal Year 2011 in the amount of \$174,300,000. This \$174.3 million in funding includes \$171 million for formula distribution to Grantees and \$3.3 million for DOE Headquarters training and technical assistance. The final State allocations included with this guidance are to be used in conjunction with Weatherization Program Notice 11-1, PY 2011 Weatherization Grant Guidance, in developing the annual grant application for PY 2011. States should develop their final PY 2011 State Plans based on these allocations.

NOTE: Allocations are prorated from 1995 levels under Public Law 103-332 since appropriations result in total state program allocations below threshold as indicated in 10 CFR 440 (Federal Register, Vol. 60, No. 107, pgs 29469-29481, 6-5-95). Therefore, census and EIA data updated since 1995 do not impact allocations.
