

# CSBG Annual Report Module 1: State Administration

## Frequently Asked Questions

Module 1 of the [CSBG Annual Report](#) replaces Sections A-C and parts of Section D from the CSBG Information Systems Survey (CSBG IS). It is the State Administration module of the new CSBG Annual Report and is completed by State CSBG Administrators. Module 1 is based on the Federal Fiscal Year (FFY) and includes information on State administration of CSBG funding, including information on distribution of funds to Eligible Entities, use of State administrative funds and discretionary funds for training and technical assistance (T/TA), as well as information on Eligible Entity progress in meeting the Organizational Standards, and the State's progress in meeting accountability measures related to State monitoring, T/TA and other critical areas.

### How do I report Module 1 information for FFY17?

A representative of the State Office reports Module 1 of the CSBG Annual Report through the Office of Community Services (OCS) Online Data Collection System (OLDC). OLDC is the central, web-based reporting tool that OCS uses for other programs, the CSBG State Plan, and will be used for data collection of Modules 2-4 of the new CSBG Annual Report. OLDC can be accessed at <https://home.grantsolutions.gov/home>.

### What is the timeline for completion of Module 1?

The deadline for submission of Module 1 of the CSBG Annual Report for Federal Fiscal Year (FFY) 2017 in OLDC is March 31, 2018. The due date for submission of the CSBG IS to NASCSP is also March 31, 2018.

### Do I need to report anything in the CSBG IS Access Database?

For FFY17, states complete only Module 1 in OLDC. For FFY17, States and CSBG Eligible Entities will still complete and submit the following portions of the CSBG IS Survey in the Access Database to NASCSP:

- Section B, Eligible Entity List
- Section D
- T/TA Survey
- Sections E-G
- NPIs

CSBG Eligible Entities will start data collection for Modules 2 – 4 of the CSBG Annual Report in FFY18. States will first submit Modules 2-4 in OLDC for the March 31, 2019 submission date. Read more about the implementation of the CSBG Annual Report in [CSBG IM152](#). You can also download the [slides](#) and [recording](#) from NASCSP's webinar on the CSBG Data Submission Process for FFY 2017.

### When was Module 1 made available in OLDC?

Module 1 was made available for data entry in OLDC as of January 29, 2018.

### How do I access OLDC?

If you do not already have a password to access the CSBG program in OLDC, fill out the access request form [here](#) and submit it to [Niki Frazier](#). If you already have access to OLDC, login at <https://home.grantsolutions.gov/home> to report and submit Module 1.

### Who can I contact for help?

**Login Help:** [CSBGStates@acf.hhs.gov](mailto:CSBGStates@acf.hhs.gov)

**Technical Assistance with OLDC:** [Niki Frazier](#) or [Monique Alcantara](#)

**Answering Module 1 Questions:** [Your OCS Program Specialist](#) or NASCSP Staff ([Jackie Orr](#) or [Katy Kujawski](#))

### Where can I find more guidance?

For information on filling out Module 1 in OLDC, visit the [Instruction Manual](#). You can also review past Module 1 webinars: [Preparing to Complete Module 1 Slides](#) | [Recording](#), [Module 1 Submission in OLDC Slides](#) | [Recording](#)

### What happens after I submit Module 1 in OLDC?

After the report is submitted, OCS will conduct an initial review of the State's submission of Module 1 and will follow up as necessary to ensure it is completed satisfactorily. OCS may also share this information with NASCSP for additional analysis and technical assistance as appropriate. If clarification or technical correction is needed on any items in Module 1, OCS will return the report through OLDC with specific feedback on items needing clarification or correction. OCS plans to provide any initial feedback within 60-days of receipt of annual reports. After any necessary clarifications or corrections have been received, OCS plans to conduct additional analysis working with NASCSP and with State CSBG offices directly to assess progress in addressing State Accountability Measures.

# Highlights on Completing Module 1

## General Highlights:

- The reporting time frame for *all* information in Module 1 is based on the Federal Fiscal Year, which runs from October 1 of a given calendar year until September 30 of the following calendar year.
- OLDC will auto-populate many fields with information collected in the CSBG Model State Plan. States will update information where appropriate.
- Use the validate button to check for errors and to populate formulas imbedded in the forms.
- Use the save button frequently and every time you move from page to page. Not clicking save before you leave the page will cause all data to be lost.

## Section B: Statewide Goals and Accomplishments

### Item B.2: CSBG Eligible Entity Overall Satisfaction Targets:

States will need to provide the most recent ACSI score and the planned target for the following year. Additional information can be found in [CSBG IM 150](#).

### Item B.4 – B.6: Narratives:

These sections contain narratives that are similar to narratives reported in Section D of the CSBG IS Survey. In the first year of implementation, States are asked to complete these questions, as well as Section D in the CSBG IS Survey.

## Section C: CSBG Eligible Entity Update:

### Item C.3: Changes to CSBG Eligible Entities List:

If there are changes in Eligible Entities, provide as much information as possible in column C.2b. Include name changes (old and new names), address changes, mergers, and de-designations. Provide all information, including DUNS numbers for new entities. States will also update Eligible Entity information in Section B of the CSBG IS Survey.

## Section E: State Use of Funds:

### Item E.2: Planned vs. Actual Allocation:

The reporting timeframe for Section E (and all sections in Module 1) is the FFY. States must enter the CSBG fund *allocations* and *obligations* for every Eligible Entity. For *allocations*— States will enter the dollar amount each CSBG Eligible Entity should receive during the Federal Fiscal Year 2017 based on the State formula. This amount may include carryover from previous Federal Fiscal Years. For *obligations*—States will enter the actual dollar amount of funds that were committed to each CSBG Eligible Entity through contracts, grants or sub-awards during the Federal Fiscal Year 2017. This amount may include carry over from previous Federal Fiscal Years. Note, expenditures are not reported in Section E.

## Section I: Results Oriented Management and Accountability:

### Item I.4: State Feedback on Data Collection, Analysis, and Reporting:

When completing the FYF17 CSBG Annual Report, answer this question based on providing timely feedback to each CSBG Eligible Entity within 60 calendar days of submitting the State's FFY16 CSBG Annual Report (the previous year's CSBG IS Report). Feedback should include comments on CSBG Eligible Entities progress in meeting the goals they identified, if the data is accurate and sufficient to support progress reports, and if the Eligible Entity has demonstrated analysis and use of data for decision making.
