Hi Jerry,

In response to your initial question about debris removal, this is not considered a permanent improvement and due to the circumstances could be considered an acceptable CSBG cost.

Also, if the State is still interested in disposing of the formerly purchased trailers, there has been updated guidance/forms indicated to our office in order for the State to proceed with that process. Please reach out to David and we when you have determined if the State has disposal plans.

Let us know if you need anything additional!

Many thanks,

Jonna Holden
