

Memorandum

DATE: July 20, 2020

WAP Memorandum 065

REPLY TO

ATTN OF:  Erica Burrin, Program Manager

Weatherization and Intergovernmental Program Office

SUBJECT: Allowable Use of Training Funds for the National Community Action Partnership's
2020 Virtual Annual Conference

TO: Weatherization Assistance Program Grantees

The National Community Action Partnership's 2020 Virtual Annual Conference will take place August, 24-28, 2020. The Partnership's Annual Convention is the largest gathering of regional, state, and local Community Action Agencies in the United States, drawing more than 1,500 attendees each year. Community Action is at the table with more partners than ever before and our network continues to be at the forefront of program and community development. During this convention, Community Action Agencies will come together online to showcase our strengths, strategies, and achievements. We'll also share our best practices in management, program implementation, and capacity building. There is change ahead of us—for the better—as Community Action evolves, reinvents, and continues to achieve excellence.

Attendance at this event is considered an allowable use of the training and technical assistance (T&TA) funds by Weatherization Assistance Program (WAP) network organizations. The Conference Agenda includes an Energy Track, with sessions related to WAP, COVID-19, and the "new normal," as well as leveraging health care system funds with retrofits and energy assistance.

To find out more information about the convention, please visit the event website:
