2020 Annual Training Conference
September 28 – October 2
A Virtual Experience

SPONSOR & EXHIBITOR PACKAGE

The National Association for State Community Services Programs is pleased to invite you to participate in its 2020 Annual Training Conference. This conference brings together professionals who administer the U. S. Department of Health and Humans Services' Community Services Block Grant (CSBG) and the U.S. Department of Energy's Weatherization Assistance Program (WAP) from across the nation to exchange information and focus on specific solutions on stabilizing income and promoting energy security for families with low-income. This year, in light of COVID-19 and with respect to the health and safety of all involved, we are excited to present this conference as a **virtual** event.

As resource providers, your products and services may potentially help our states and agencies function at their optimal level.
