7.3. Distribution Process:
Describe the specific steps in the state's process for distributing 90 percent funds to the eligible entities and include the number of days each step is expected to take; include information about state legislative approval or other types of administrative approval (such as approval by a board or commission).

Upon receipt of a funding letter from HHS (currently received each quarter), VDSS/OVCS begins by determining the amount of funds to be distributed to each entity. According to Virginia Administrative Code, 22VAC40-901-20, all increased state or federal funds shall be distributed to local community action agencies based on the following formula: 75% based on low-income population, 20% based on number of jurisdictions, and 5.0% based on square mileage served. This formula shall be adjusted to ensure that no agency receives less than 1.5% of any increase. Because of the allocation formula outlined above once the state receives our funding letter from OCS, it takes about 2 days to complete the allocation. Upon completion of the allocation, budget solicitation documents are created for internal use, and contract documents are created to be sent to eligible entities. These are distributed for signature, and returned. This process takes at least a week, usually more for some of the public entities. After receiving the returned documents, they are routed through the signature process in VDSS. This can take 7 to 14 days. Fully executed documents are then returned to the eligible entity.

7.4. Distribution Timeframe:
Does the state plan to make funds available to eligible entities no later than 30 calendar days after OCS distributes the federal award? ☒ Yes
☐ No

7.4a. Distribution Consistency: If no, describe state procedures to ensure funds are made available to eligible entities consistently and without interruption.

Note: Item 7.4 is associated with State Accountability Measure 2Sa and may prepopulate the state's annual report form.

7.5. Performance Management Adjustment:
Describe the state's strategy for improving grant and/or contract administration procedures under this State Plan as compared to past plans. Any improvements should be based on analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any improvements, provide further detail.

Note: This information is associated with State Accountability Measure 2Sb and may prepopulate the state's annual report form.

The state has increased electronic distribution of contracts, and we also have the ability to receive the signed copies electronically, which allows us to speed up the process. The state has also streamlined staff responsibilities and created internal procedures surrounding contract administration, these coordinated efforts have brought improvements to the contract administration process. We continue to refine this process to make it as efficient and effective as possible. The state has also moved to a full year contracting process with one modification at the end of the year.

If yes, provide the allocated percentage and describe the use of the remainder/discretionary funds in the table below.

Year One (0.00%)	5.00%	Year Two (0.00%)	5.00%
-------------------------	-------	-------------------------	-------

If a funded activity fits under more than one category in the table, allocate the funds among the categories. For example, if the state provides funds under a contract with the State Community Action association to provide training and technical assistance to eligible entities and to create a statewide data system, the funds for that contract should be allocated appropriately between Items 7.9a. - 7.9c. If allocation is not possible, the state may allocate the funds to the main category with which the activity is associated.

Note: This response will link to the corresponding CSBG assurance, item 14.6.

The Energy Assistance Program is administered by a separate DSS office and consists of three components: Fuel Assistance, Crisis Assistance and Cooling Assistance. The Program purpose is federally defined. The federally defined purpose of the Fuel Assistance Component is to assist low-income households, particularly those with the lowest incomes, which pay a high proportion of household income for home energy, primarily in meeting their immediate home energy needs. The benefit is not intended to meet the household's total home energy cost during the heating season. The State follows Generally Accepted Accounting Principles (GAAP) and GASB (Government Accounting Standards Board) pronouncements with respect to our accounting practices while adhering to state and federal law as to the allowable spending of Block grant funds. Our system or accounting string in FAAS/CARDINAL allow us to segregate expenditures by fund, program, cost code, project, etc. and allows for a clear delineation of each type of transaction. Therefore it is easy to categorize or group expenditures specifically as it relates to CSBG or any grant for that matter. Our state auditors coupled with the federal monitoring/audits of our various programs ensure the integrity of our transactions and the reporting of them.
10.12. Single Audit Management Decisions: Describe state procedures for issuing management decisions for eligible entity single audits, as required by Block Grant regulations applicable to CSBG at 45 CFR 75.521.

Review 2 CFR 200 and the VDSS, DOF - General Services Sub-recipient or Contractor Determination Form to determine which sub-recipients require Single Audits. Follow up with sub-recipients to obtain a copy of their Single Audit Report within the time allowed. The time allowed is nine months after the sub-recipients fiscal year end or 30 days after issue of the audit report; whichever comes first. Record the results of the audit tests on the spreadsheets, using the appropriate tick mark. Identify possible financial, compliance, internal control findings and questioned costs relevant to the VDSS. Post the name of the Non-Profit, findings and questioned costs to the schedule of Non-Profit Financial Audit Findings The schedule should include the program, condition, criteria, cause, effect, questioned costs and recommendation. Determine if a corrective action plan was present and if the plan adequately addressed the stated findings and questioned costs. The reviewing auditor should consider the nature and materiality of the findings before requesting a corrective action plan. Such a plan is not necessary for immaterial and isolated examples of non-compliance. Obtain copy of corrective action plan if not included with the audit report. Communicate with the appropriate VDSS Grant Managers and / or VDSS Management to confirm that adequate corrective action has taken place for the findings and questioned costs. Discuss the findings and questioned costs with the Deputy Commissioner -Operations depending upon significance of findings and questioned costs and in the Sub-Recipient Monitors Coordinators meetings. The appropriate VDSS Grant Manager is responsible for and provides follow up with the Non-Profit Organization to address findings and questioned costs. Determine whether the audits were conducted in accordance with the Single Audit Act of 1984 and its amendments: 2 CFR 200; The Code of Virginia, Section 15.2-2511; and United States Code, Title 31, Chapter 75, Section 7502, (f), (2), (c) & (h), (1) and (B).

Section 676B of the Community Services Block Grant Act and Section 2.2-5403 of the Virginia Community Action Act both require eligible entities to have a tripartite governing board in order to be a community action agency. Virginia statutes provide that, in the case of a public community action agency, the local governing body determines the authority of the tri-partite advisory board. As part of their annual application to the State, agencies must submit a listing of board members detailing the tri-partite structure of the board, current terms, and other information. These listings are reviewed prior to execution of annual CSBG contracts and again as part of the monitoring process. In addition, during on-site monitoring reviews, agency by-laws are reviewed to ensure that tri-partite board structures are maintained. State staff conduct monthly calls with each agency and discuss the tri-partite board on each monthly call to determine vacancies and discuss best practices in regards to obtaining a full tri-partite board. OVCS strongly recommends that agencies fill board vacancies within 90 days. And finally, community action agencies in Virginia are required to have procedures in their by-laws to ensure that various community stakeholders who feel they are underrepresented can petition for adequate representation on the tripartite board.

11.4. Section 676B of the Community Services Block Grant Act and Section 2.2-5403 of the Virginia Community Action Act both require eligible entities to have a tripartite governing board in order to be a community action agency. Virginia statutes provide that, in the case of a public community action agency, the local governing body determines the authority of the tri-partite advisory board. As part of their annual application to the State, agencies must submit a listing of board members detailing the tri-partite structure of the board, current terms, and other information. These listings are reviewed prior to execution of annual CSBG contracts and again as part of the monitoring process. In addition, during on-site monitoring reviews, agency by-laws are reviewed to ensure that tri-partite board structures are maintained. State staff conduct monthly calls with each agency and discuss the tri-partite board on each monthly call to determine vacancies and discuss best practices in regards to obtaining a full tri-partite board. OVCS strongly recommends that agencies fill board vacancies within 90 days. And finally, community action agencies in Virginia are required to have procedures in their by-laws to ensure that various community stakeholders who feel they are underrepresented can petition for adequate representation on the tripartite board.
Eligible Entity Community Action Plans and Community Needs Assessments
14.11. 676(b)(11) Provide "an assurance that the state will secure from each eligible entity in the services block grant made under this subtitle for a program, a community action plan (which shall be submitted to the Secretary, at the request of the Secretary, with the State plan) that includes a community-needs assessment for the community served, which may be coordinated with community-needs assessments conducted for other programs."
<i>Note: The state describes this assurance in the ROMA section, items 13.5 and 13.6.</i>
State and Eligible Entity Performance Measurement: ROMA or Alternate system
14.12. 676(b)(12) Provide "an assurance that the state and all eligible entities in the State will, not later than fiscal year 2001, participate in the Results Oriented Management and Accountability System, another performance measure system for which the Secretary facilitated development pursuant to 678E(b), or an alternative system for measuring performance and results that meets the requirements of that section, and [describe] outcome measures to be used to measure eligible entity performance in promoting self-sufficiency, family stability, and community revitalization."
<i>Note: The state describes this assurance in the ROMA section, items 13.1, 13.2, 13.3, and 13.4.</i>
Validation for CSBG Eligible Entity Programmatic Narrative Sections
14.13. 676(b)(13) Provide "information describing how the state will carry out the assurances described in this section."
<i>Note: The state provides information for each of the assurances directly in section 14 or in corresponding items throughout the State Plan, which are included as hyperlinks in section 14.</i>

15.2. CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1986: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645 (a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3. For grantees other than individuals, Alternate I applies.

4. For grantees who are individuals, Alternate II applies.

If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or state highway department while in operation, state employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:
