State Plan Development and Statewide Goals

3.1. CSBG Lead Agency Mission and Responsibilities:

Briefly describe the mission and responsibilities of the state agency that serves as the CSBG Lead Agency.

The mission of the Agency of Human Services is to improve the health and well-being of Vermonters and to protect those among us who are unable to protect themselves. The Agency of Human Services was created by the Vermont Legislature to serve as the umbrella organization for all health and human service activities within state government. The Department for Children and Families, as part of an integrated Agency of Human Services, fosters the healthy development, safety, well-being, and self-sufficiency of Vermonters. The Office of Economic Opportunity is a division of the Department for Children and Families. The mission of the Vermont Office of Economic Opportunity, which administers the Community Services Block Grant, is to increase the self-sufficiency of Vermonters, strengthen Vermont communities, and eliminate the causes and symptoms of poverty.

3.2. State Plan Goals:

Describe the state's CSBG-specific goals for state administration of CSBG under this State Plan.

(Note: This information is associated with State Accountability Measure 1Sa(i) and pre-populates the State's Annual Report, Module 1, Item B.1.)

1. Support the use of full cycle performance management to document and enhance all programs. Strategies: The Office will continue to support training and technical assistance to eligible entities by coordinating quarterly Results-Oriented Management and Accountability (ROMA) Community of Practice meetings to improve reporting consistency, offering ROMA training for VT staff based on assessment of needs, helping agencies use CSBG reports to reflect on programs and potential changes in practice, and enhancing reporting processes. 2. Streamline CSBG Administration Strategies: The Office will continue to offer and provide technical assistance to each eligible entity by finalizing CSBG state manual to summarize all requirements for eligible entities, and then streamline associated documents to reduce administrative burden and enhance clarity.

SECTION 7 State Use of Funds

Eligible Entity Allocation (90 Percent Funds) [Section 675C(a) of the CSBG Act]

7.1. Formula:

Select the method (formula) that best describes the current practice for allocating CSBG funds to eligible entities.

- ☐ Historic
- ☐ Base + Formula
- ☐ Formula Alone
- ☐ Formula with Variables
- ☐ Hold Harmless + Formula
- ☒ Other

7.1a. Formula Description: Describe the current practice for allocating CSBG funds to eligible entities.

Historic Base + Formula with Variables The amount to be awarded to each Community Action Agency will be determined by the application of the State Office of Economic Opportunity allocation formula. This formula is designed to ensure that each eligible entity receives an amount sufficient to provide an administrative funding base and, further, to ensure that funding to specific areas during subsequent years corresponds to the current economic situation of each area. Prior to the award of CSBG funds, the Office of Economic Opportunity will reserve 10 percent of the funds awarded; five percent will be used for State administration of the program. With the balance of the funds reserved, the State may: 1. transfer in accordance with Section 675(c)(5) of the CSBG Act; or 2. utilize for the purpose of funding special projects which have proven to be, or may prove to be particularly effective in ameliorating the causes of poverty in communities within the State; or 3. distribute through the allocation formula. By statute, Vermont shall distribute 90% of its total CSBG award to eligible entities. The Office of Economic Opportunity allocation formula is updated periodically to address the distribution of this statutory 90% to Vermonts five Community Action Agencies while allowing for adjustments to be made as current, local poverty data become available. The State Office of Economic Opportunity has adopted the FY 2018 Community Action Agencies distributions as the new base levels for funding. In any year where Vermont receives an increase or decrease in core CSBG funding available to eligible entities above or below the FY 2017 base level of \$3,305,030 the amount allocated to each eligible entity shall be adjusted with a corresponding percentage increase or decrease in funding. In this way, a 5% increase in Vermonts CSBG award would result in a 5% increase to each eligible entities allocation for that year; likewise in the experience of a decrease to Vermonts CSBG award. In FY 2018, the State Office of Economic Opportunity reviewed the formula allocation in partnership with eligible entities, and decided to postpone any amendment to the formula until the next 10-year census data is available for review and analysis. HISTORICAL NOTE FY 2010 base awards were arrived at by distributing the historical FFY 1993 base of \$2,051,460 according to the following formula: 50% divided equally 40% on the basis of eligible population 5% on the basis of per capita income 5% excess unemployment and the excess of \$1,305,540 on the basis of each eligible entitys service territory's share of the State's total eligible population (defined as the number of persons at or below 125% of federal poverty level).

7.1b. Statute: Does a state statutory or regulatory authority specify the formula for allocating "not less than 90 percent" funds among eligible entities? ☐ Yes ☒ No

7.2. Planned Allocation:

Specify the percentage of your CSBG planned allocation that will be funded to eligible entities and "not less than of 90 percent funds" as described under Section 675C(a) of the CSBG Act.

In the table, provide the planned allocation for each eligible entity receiving funds for the fiscal year(s) covered by this plan.

All agencies identified as eligible to apply for funds shall submit an application before the beginning of the grant year in a form prescribed by the State Office of Economic Opportunity in the Request for Work Plan. The State Office of Economic Opportunity has developed a Request for Work Plan package for distribution to all eligible entities currently operating programs under the CSBG Act. Work Plans must include a line-item budget and a monthly expenditure plan. All Work Plans are reviewed by the State Office of Economic Opportunity within 30 days of receipt. All Community Action Agencies in Vermont that have received funds in the previous fiscal year will be notified as soon as practical, but no less than thirty days before the new fiscal year of status of funding for the upcoming fiscal year. Funds given to grantees pursuant to this plan must be used in furtherance of the goals and objectives set forth above and will be governed by a grant agreement between the State Office of Economic Opportunity and the sub-grantee as well as this plan and applicable law. The grant agreement shall be based on the sub-grantee's application for funding as approved. The Office of Economic Opportunity may condition the sub-grantee's receipt of the block grant funds on such terms as the State deems appropriate, provided the terms are consistent with and in furtherance of this plan and the Federal law governing CSBG.

7.3a Distribution Method: Select the option below that best describes the distribution method the state uses to issue CSBG funds to eligible entities:

☐ Reimbursement

☐ Advance

☒ Hybrid

☐ Other

A cash advance in an amount sufficient to fund one months operation shall be made to each agency upon the effective date of the grant executed with the State Office of Economic Opportunity. Subsequent transmittals of cash shall be made in monthly payments, which may contain a blend of reimbursement and advance. In the event that a continuing resolution or similar action should delay the determination of the States CSBG allocation, or temporarily restrict spending authority, the State Office of Economic Opportunity, may, at its discretion, amend this procedure to restrict payments to reimbursement of actual eligible costs up to a level specified in the Community Action Agencies approved monthly expenditure plan.

7.4. Distribution Timeframe:
Does the state plan to make funds available to eligible entities no later than 30 calendar days after OCS distributes the federal award? ☒ Yes
☐ No

Note: Item 7.4 is associated with State Accountability Measure 2Sa and may prepopulate the state's annual report form.

7.5. Distribution of Funds Performance Management Adjustment:
Describe the state's strategy for improving grant and/or contract administration procedures under this State Plan as compared to past plans. Any improvements should be based on analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any improvements, provide further detail.

Note: This information is associated with State Accountability Measure 2Sb and may prepopulate the state's annual report form.

The State has consolidated existing policies and procedures into a single draft CSBG Manual. In the year ahead, the State will distribute to eligible entities to finalize. The State anticipates that this may reveal the need for revisions or additions to administrative procedures. The State Office of Economic Opportunity regularly solicits and receives feedback from eligible entities on grant administration procedures. The State Office of Economic Opportunity will continue to work with eligible entities to improve grant administration procedures within its purview, to relay feedback to respective units within State government, and to connect eligible entities directly with those units, as appropriate.

Training is always a topic of conversation during meetings, calls, and site visits. OEO actively participates in and collaborates on the planning and creation of the joint T&TA plan with the Vermont Community Action Partnership.

8.2. Organizational Standards Technical Assistance: Does the state have Technical Assistance Plans (TAPs) in place for all eligible entities with unmet organizational standards, if appropriate? ☒ Yes ☐ No

The State completed the triennial monitoring of each eligible entity in 2022, a process which includes a review of the annual assessment of organizational standards for each agency. All agencies have Technical Assistance Plans in place, although the majority of issues have been resolved. The State conducted a review of the organizational standards in 2023 and a Technical Assistance Plan is in place with one agency. In a similar way, the State Office administering SNAP Employment and Training provides funds to the State CSBG Office, which in turn awards funds to Community Action Agencies providing self-employment training to SNAP recipients. In addition, the State Office coordinates and convenes various task forces and working groups to ensure communication among eligible entities and other State and local service providers. These include: homelessness, housing and asset development. The State Office also participates in a number of inter and intra-Agency groups and initiatives which include various offices such as a housing program for families served by the child welfare office, coordination with the State Agency of Education homeless liaison office, participation in the State Consolidated Plan for Housing, trauma-informed care, financial capability integration within the State TANF program, and more. Describe state activities for supporting coordination among the eligible entities and the state community action association.

Note: This information will pre-populate the Annual Report, Module 1, Item G.5.

The State Office of Economic Opportunity regularly attends the Vermont Community Action Partnership meetings (State Community Action

Association), currently convened monthly by the Partnership. The Vermont Community Action Partnership includes representatives from all five Vermont eligible entities. The State Office also coordinates with the Partnership on training and technical assistance efforts to support eligible entities, including work through the Regional Performance and Innovative Consortia and related to organizational standards. For example, this year the State continues to build on progress made with VCAP and the statewide ROMA workgroup to implement a statewide dashboard to present and analyze quarterly and annual results.

9.9. Communication with Eligible Entities and the State Community Action Association:

In the table below, detail how the state intends to communicate with eligible entities, the state community action association, and other partners identified under this State Plan on the topics listed below. For any topic that is not applicable, select "Not Applicable" under Expected Frequency.

Communication Plan			
Subject Matter	Expected Frequency	Format	Brief description of "Other"
Upcoming Public and/or Legislative Hearings	As needed	Meetings/Presentation	
State Plan Development	Annually	Other	Share draft via email, discuss at State Association meetings
Organizational Standards Progress	Quarterly	Other	Review as part of quarterly reports and follow up via letter, email, phone, and in meetings as needed.
State Accountability Measures Progress	Upon Request	Other	Will share information when and as requested.

State Monitoring Plans and Policies	As needed	Meetings/Presentation	
Training and Technical Assistance (T/TA) Plans	Quarterly	Other	Check ins will occur at least quarterly (via email, phone, in person) with more frequent communication as needed.
ROMA and Performance Management	Quarterly	Meetings/Presentation	
State Interagency Coordination	Weekly	Other	Email, phone, ad hoc web-based or in person meetings.
CSBG Legislative/Programmatic Updates	As needed	Other	Share updates via email as appropriate or discuss at monthly State Association meetings.

9.10. Feedback to Eligible Entities and State Community Action Association:

Describe how the state will provide information to local entities and state community action associations regarding performance on state accountability measures.

Note: This information is associated with State Accountability Measure 5S(iii). and will pre-populate the Annual Report, Module I, Item G.6

Within 60 calendar days of receiving feedback from OCS regarding State performance on State Accountability Measures, the State will share this feedback with the Vermont Community Action Partnership (State Association) and its members, which include all eligible entities, at its monthly meeting or by email.

9.11. Communication Plan Performance Management Adjustment:

Describe any adjustments the state made to the Communication Plan in this State Plan as compared to past plans. Any adjustment should be based on the state's analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any adjustments, provide further detail.

Note: This information is associated with State Accountability Measures 7Sb; this response may pre-populate the state's annual report form.

Based on feedback from eligible entities, the State is not significantly adjusting its communication plan and will continue to maintain strong communication with eligible entities. Small adjustments were made to capture the needs of Eligible Entities and the State Association. For example, State Plan Development shifted from "email" to "other" to include meeting as well as email. State Monitoring Plan and Policies had been selected as "other" but the description was really "meeting/presentation" and so it was updated with the accurate drop down. TTA Plans was shifted from monthly to quarterly based on needs and a current review and communication process that evolved over the past year. ROMA was shifted from "other" to "meeting/presentations" as the description of "other" was describing meetings. CSBG Updates was shifted from "email" to "other" with a description that captures the multiple ways this will be communicated.

Fiscal Controls and Audits and Cooperation Assurance
10.11. Fiscal Controls and Accounting: Describe how the state's fiscal controls and accounting procedures will a) permit preparation of the SF-425 Federal fiscal reports (FFR) and b) permit the tracing of expenditures adequate to ensure funds have been used appropriately under the block grant, as required by Block Grant regulations applicable to CSBG at 45 CFR 96.30(a).
The State financial system and fund accounting procedures provide strict controls that assure the proper disbursement and accounting for funds paid to the State under the Act. Community Action Agencies awarded funds are required to report on the expenditure of funds (including the amounts and purpose of the expenditures) on a monthly basis, thus allowing for ongoing monitoring of the use of the funds. Community Action Agencies are required to conduct an annual, agency-wide audit of all funds, and to submit those audits to the State. Estimated draws occur biweekly for administrative and program expenditures. At the beginning of the quarter, AHS calculates an estimate based on the prior quarters actual expenditures. This amount is divided over the number of draws that will be made during the quarter. Reconciling draws are performed once the reports are completed and included on a quarterly SF-425 report, which the State uses to compare awards, expenditures and draws. When the State determines that they have overdrawn or under drawn federal funds, they perform a reconciling draw to draw in or return the funds.
10.12. Single Audit Management Decisions: Describe state procedures for issuing management decisions for eligible entity single audits, as required by Block Grant regulations applicable to CSBG at 45 CFR 75.521.
Note: This information is associated with State Accountability Measure 4Sd.
Any funds made available to the sub-grantees by the State Office of Economic Opportunity from the CSBG will be audited on an annual basis in accordance with the Standards for Audit of Governmental Organizations, Programs, Activities, and Functions, Guidelines for Financial and Compliance Audits of Federally Assisted programs, and OMB Uniform Guidance. All single audits are reviewed by the State Office and the Internal Audit Group at the Agency of Human Services. For additional information on eligible entity audits, please see attached Vermont CSBG Plan Addendum.
10.13. If the state is not making any adjustments, provide further detail.

Note: This item is associated with State Accountability Measure 4Sb and may pre-populate the state's annual report form.

The State is not making any significant adjustments to monitoring procedures at this time. The State has streamlined the Organizational Standard Assessment process based on feedback from Eligible Entities and our own internal review.

The Request for Work Plan package requires eligible entities to describe how eligible entities allow individuals and organizations to petition for adequate representation on an eligible entities Tripartite Board and fully meet Section 676(b)(10) of the CSBG Act. Section G of the workplan (attached) includes acknowledgement of this responsibility by the Community Action Agency Executive Director. This is also reviewed during the triennial onsite monitoring as well as part of the desk top monitoring that is done throughout frequent interactions during the course of the year, for example, the quarterly review of board roster and board minutes.

11.4. Tripartite Board Alternative Representation: Does the state permit public eligible entities to use, as an alternative to a Tripartite Board, "another mechanism specified by the state to assure decision-making and participating by low income individuals in the development, planning, implementation, and evaluation of programs" as allowed under Section 676B(b)(2) of the CSBG Act. ☐ Yes ☒ No

SECTION 12 Individual and Community Income Eligibility Requirements

12.1. Required Income Eligibility:

Provide the income eligibility threshold for services in the state.

[Check one item below.]

☒ 125% of the HHS poverty line ☐ X% of the HHS poverty line (fill in the threshold) ☐ Varies by eligible entity

0% % *[Response Option: numeric field]*

12.1a. Income Eligibility Policy and Procedures: Describe any state policy and/or procedures for income eligibility, such as treatment of income and family/household composition.

At the time of this reports creation, the 200% Federal Poverty Line (FPL), authorized by Congress and in use by Vermont, expires 9/30/2023. At that time, Vermont will return to using 125% FPL unless/until Congress permanently increases the FPL to 200% in the upcoming Congressional session. Vermonts Community Action Agencies will use the appropriate % of Federal HHS Poverty Guidelines as the standard for determining CSBG income eligibility. This will be calculated based on a households gross income in the past 30 days, excluding tax refunds.

12.2. Income Eligibility for General/Short-Term Services:

Describe how the state ensures eligible entities generally verify income eligibility for those services with limited in-take procedures (where individual income verification is not possible or practical),An example of these services is emergency food assistance.

Documentation: Acceptable forms of documentation include: current pay stubs, bank statements or tax documents; or a printout from the States Access system showing financial benefits received. If none of the above are available and it is reasonable to assume the household is income eligible, the Community Action Agency may use a written certification, signed by the client and community action staff, showing the households income in the past thirty days. Tax Refunds Not Counted as Income: The total amount of a tax refund received regardless of whether the refund is the result of a refundable credit, over-withholding, or both is disregarded as income and resources. Self-Employment: Where a member of the household is self-employed, gross revenues clearly tied to a business, and offset by the legitimate operating expenses of that business, shall not be considered household income. However, any personal income earned through self-employment shall be considered part of household income. Programs Funded in Part by CSBG: Where a program is partially funded by CSBG, a proportional share of clients served by the program must meet CSBG eligibility guidelines. Direct Assistance: A household receiving CSBG direct assistance dollars (such as a rental payment to prevent eviction, or a grant to open a small business) must be income eligible at the time of assistance. Their file must contain appropriate documentation. Failure to document eligibility in connection with financial assistance may result in the eligible entity having to repay funds.

12.3. Community-targeted Services: Describe how the state ensures eligible entities' services target and benefit low-income communities for services that provide a community-wide benefit (e.g., development of community assets/facilities, building partnerships with other organizations).

Where a program or initiative is partially funded by CSBG, a proportional share of clients served by the program must meet CSBG eligibility guidelines. In the case of community-targeted services, documentation could include county or town-level data from sources such as the census, HUD or the State showing that a proportional share of residents in the targeted geography meets CSBG eligibility.

Please see attached Request for Work Plan.

13.1b. Alternative System Description: If an alternative system was chosen in Item 13.1, describe the system the state will use for performance measurement.

13.2. Outcome Measures: Indicate and describe the outcome measures the state will use to measure eligible entity performance in promoting self-sufficiency, family stability, and community revitalization, as required under Section 676(b)(12) of the CSBG Act.

Note: This response will also link to the corresponding assurance, Item 14.12.

- ☒ CSBG National Performance Indicators (NPIs)
- ☒ NPIs and others
- ☐ Others

Please see attached Request for Work Plan.

13.3. Eligible Entity Support: Describe how the state supports the eligible entities in using the ROMA or alternative performance measurement system.

Note: The activities described under Item 13.3 may include activities... listed in "Section 8: State Training and Technical Assistance." If so, mention briefly, and/or cross-reference as needed. This response will also link to the corresponding assurance, item 14.12.

The State Office convenes a quarterly Community Action performance management (ROMA) workgroup with teams from each eligible entity. This group supports the use of National Performance Indicator reports. This includes technical review for uniformity and consistency which leads to more reliable and meaningful comparisons of results across the state and over time. The group also shares effective practices used at each agency to incorporate the performance reports into planning and implementation (i.e., operationalizing the ROMA cycle). The State Office also provides ROMA orientation and training to Community Action staff and boards as needed. The State of Vermont has adopted Results Based Accountability (RBA) in statute. RBA and ROMA are similar and complimentary results-driven performance management systems. In recent years, the State Office has offered training and technical assistance to eligible entities to identify how ROMA and the National Performance Indicators can translate into the specific RBA framework.

13.4. Eligible Entity Use of Data:

Describe how is the state plan to validate the eligible entities that are using data to improve service delivery?

Note: This response will also link to the corresponding assurance, Item 14.12.

In addition to the workgroup discussed in 13.3, eligible entities are required to file a quarterly report on the National Performance Indicators to the State Office. The annual Work Plan also requires eligible entities to identify which National Performance Indicators they will track and report, with targets.

Community Action Plans and Needs Assessments

13.5. Community Action Plan: Describe how the state will secure a Community Action Plan from each eligible entity, as a condition of receipt of CSBG funding by each entity, as required by Section 676(b)(11) of the CSBG Act.

Note: this response will link to the corresponding assurance, Item 14.11.

The Request for Work Plan (attached) outlines broad goals and the general activities allowed under the Act and requires detailed sub-grantee responses delineating specific activities to be undertaken by the sub-grantees in their efforts to achieve the purposes of the Act. The Request for Work Plan provides estimates of sub-grantee awards, and contains the following major components, outlined below: Program Design (Mission, Community Assessment); ROMA Implementation Plan (Indicators, Targets, Strategies/Services); Management and Administration (Board structure and composition, Sub-grantees organizational structure, Job descriptions of employees funded with CSBG, Operating procedure by which the sub-grantee identifies eligible clients, Evaluation and control systems); Budget/Financial Management (Line Item Budget, Financial Management Plan); Assurances (Signed assurances relative to activities undertaken and expenditures incurred with CSBG). Responses to the Request for Work Plan will be utilized in the preparation of the State's annual plan and application for funds under the CSBG program. Responses to the Request for Work Plan will be utilized in the preparation of the State's grant agreements with eligible entities for the provisions of services. For this purpose, responses to the Request for Work Plan will be evaluated for technical quality, cost reasonableness and cost effectiveness, as well as for the potential of proposed activities to ameliorate the causes and effects of poverty. Only those proposals which meet all the requirements of the Request for Work Plan will be considered. Once acceptable proposals have been evaluated, representatives of the prospective sub-grantees will be invited to negotiate a grant agreement based on the proposal submitted. The purpose of the negotiations is to arrive at a mutually-agreeable and cost-effective approach to meeting the requirements of the Request for Work Plan and the goals

of the program. Once agreement has been reached in regards to program approach and line item budgets, the State Office of Economic Opportunity will award grants.

13.6. Community Needs Assessment:

Describe how the State will assure that each eligible entity includes a community needs assessment for the community served (which may be coordinated with community needs assessments conducted by other programs) in each entity's Community Action Plan, as required by Section 676(b)(11) of the CSBG Act.

Note: this response will link to the corresponding assurance, Item 14.11.

Each eligible entity is responsible for conducting an assessment of low-income community needs and strengths, establishing service priorities, developing goals and objectives to address the needs identified and prioritized, and build on identified strengths. The State Office of Economic Opportunity recognizes the value of long-term, in-depth planning for the purpose of ensuring the most effective utilization of Federal funds. All eligible entities will be required to submit, as an integral part of their application, a description of the community assessment process within the service area. Further, the State Office of Economic Opportunity perceives the community assessment to be an ongoing process - needs and strengths are constantly being reassessed through the experience of the sub-grantees and the acquisition of new information. A formal assessment, conducted once every three years in accordance with the expectations of the organizational standards, serves as a base from which to judge the changing needs of the community. The community assessment report should show not only the problems that can be ameliorated by delivery of services, but problems that pinpoint precisely the major causes of poverty in that area; for example, the absence of an industrial base, seasonal employment, a high percentage of families on minimum wage income, etc. The community assessment report should also identify community strengths, including unique community assets and resources which support specific approaches and partnerships. While the State Office of Economic Opportunity does not expect that each sub-grantee will be able to address all problems that are identified in the community assessment, the State expects that the detailed identification of those problems and community strengths will ensure: the appropriate targeting of resources; enable sub-grantees to design specific plans to address problems which build on community strengths; and ensure that the highest return possible is realized through the expenditure of federal funds. The State Office of Economic Opportunity requires an updated community assessment for each new program year. Please see attached Request for Work Plan.

Sections 76.630(c) and (d)(2) and 76.645 (a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

3. For grantees other than individuals, Alternate I applies.
4. For grantees who are individuals, Alternate II applies.
