

COLORADO
Energy Office

Subject: Formal Request For Energy Audit Software Approval Per WPN 19-4.

The Colorado Energy Office (CEO) Weatherization Assistance Program formally requests approval to use the following energy modeling software:

- Weatherization Assistant National Energy Audit Tool (NEAT) - Single Family (1-4 units), Small Multifamily (5-25 units, each unit separately heated/cooled).
- Weatherization Assistant Manufactured Home Energy Audit (MHEA) - Manufactured Housing
- Quick Energy Simulation Tool (eQUEST) - Large Multifamily (26+)

Respectively,

Zac Stewart
1580 Logan St, Suite 100
Denver, Colorado 80203
