WHAT IS CSBG?

The Community Services Block Grant (CSBG) provides critical funding to Community Action Agencies (CAAs) to operate programs addressing the causes and conditions of poverty under three national goals:

Goal 1 - Individuals and families with low incomes are stable and achieve economic security.

Goal 2 - Communities where people with low incomes live are healthy and offer economic opportunity.

Goal 3 - People with low incomes are engaged and active in building opportunities in communities.

What kind of RESOURCES do CAAs have?

Puerto Rico Community Action Agencies are centrally located to serve their communities. For maximum impact, they partnered with:

- 212 non-profits
- 107 for-profits
- 51 faith based organizations
- 39 school districts

Community Action Agencies utilize a Results Oriented Management and Accountability system that is strategically designed to ensure accountability and improve performance management. In FY19 there were 30 ROMA professionals available in the network to help agencies with planning, reporting, data analysis and evaluation.

There were 211,210 hours of volunteer time donated to CAAs in Puerto Rico.

Community Action Agencies leverage several other federal, state, local and other private funds.

For every \$1 of CSBG, Puerto Rico's CAAs leveraged \$13.73 from federal, state, local and private sources, including the value of volunteer hours.

- \$27,115,763 in CSBG funds were allocated in support of CAAs in Puerto Rico in FY19.
- Including, all leveraged funds Puerto Rico had \$397,781,241 available to the CAA network to improve the lives of people with low incomes in FY19.

1 CAA in Puerto Rico also operates a Head Start Program.

*Value of Volunteer Hours calculated using federal minimum wage, except in those states with a higher minimum wage.

** Values may not equal total due to rounding

FFY 2019 STATE CSBG FACTSHEET | PUERTO RICO

From the Puerto Rico FFY 2019 Community Services Block Grant Annual Report

Community Action Agencies utilize CSBG funds to address specific local needs through services and programs that address one or more of the core domains in which we work: employment, education and cognitive development, income, infrastructure and asset building, housing, health and social behavioral development, and civic engagement and community involvement.

EMPLOYMENT

3,260 outcomes were obtained in the employment domain. This includes outcomes such as obtaining and maintaining a job, increasing income, and obtaining benefits.

EDUCATION

3,605 outcomes were obtained in the education and cognitive development domain. This includes outcomes such as improved literacy skills, school readiness, and obtaining additional education and diplomas.

HOUSING

263 outcomes were obtained in the housing domain. This includes outcomes such as obtaining and maintaining housing, avoiding eviction or foreclosure, and reducing energy burden.

INCOME

779 outcomes were obtained in the income and asset building domain. This includes outcomes such as maintaining a budget, opening a savings account, increasing assets and net worth, and improving financial well-being.

HEALTH

14,272 outcomes were obtained in the health and social/behavioral development domain. This includes outcomes such as increasing nutrition skills, improving physical or mental health, and living independently.

CIVIC ENGAGEMENT

1,781 outcomes were obtained in the civic engagement and community involvement domain. This includes outcomes such as increasing leadership skills, and improving social networks.

This data is marked as preliminary until the release of the FFY19 CSBG Report to Congress. This publication was created by the National Association for State Community Services Programs in the performance of the U.S. Department of Health and Human Services, Administration for Children and Families, Office of Community Services, Grant Number 90ET0468.
