National Association for State Community Services Programs

WINTER TRAINING CONFERENCE April 3 – 7 | Arlington, VA

MISSION POSSIBLE

Restoring Hope

Developing Your Annual WAP Budget

www.nascsp.org

First Steps in Developing your WAP Budget

- 1. Review the annual DOE guidance: WPN XX-1, WPN XX-2, ALRD, and Application Instructions
- 2. Determine how much funding the Grantee needs
- 3. Determine how much funding goes to entities besides the Grantee
- 4. Finalize your WAP budget
 - a) Create a "systematic flow"
 - b) Create "checks and balances"
- 5. Enter budget and budget explanation into PAGE

Massachusetts' WAP Budget Process

- Massachusetts DHCD uses a four (4) tab Excel spreadsheet with multiple formulated cells to develop our WAP budget:
 - Tab 1 / 2023 Grantee Budget Worksheet
 - Tab 2 / 2023 Allocation Worksheet
 - Tab 3 / 2023 Subgrantee Allocation
 - Tab 4 / Agency Formula Percentages

Massachusetts' WAP Budget Allocation Spreadsheet

Determining Your Grantee Administration Allocation

- Note that not more than 7.5% of the grant can be used for Grantee Administration
- Determine your Grantee Administration costs
- Follow the budget categories that are listed in PAGE under the "Object Class" column:
 - Personnel (annual salary x percentage of time spent on WAP)
 - Fringe Benefits (total of personnel x fringe rate)
 - Travel (estimated WAP-related "administrative travel" for all staff)
 - Equipment (estimated WAP expenses over \$5,000)
 - Supplies (estimated WAP expenses under \$5,000)
 - Contract (any special contracts)
 - Other Direct Costs (e.g., NASCSP annual dues, Public Hearing transcriptions, etc.)
 - Indirect Costs (indirect cost rate)

Determining Your Grantee Administration Allocation

- How does your State determine the <u>Grantee</u> administration Allocation?
- What data is used in this determination?
- Who is involved in making this decision?

Determining Your Grantee T&TA Allocation

- Note the total T&TA amount available as stated in WPN XX-2
- Follow the budget categories that are listed in PAGE under the "Object Class" column:
 - Personnel (annual salary x percentage of time spent on WAP T&TA activities)
 - Fringe Benefits (total of personnel x fringe rate)
 - Travel (estimated WAP-related "monitoring/T&TA travel" for all staff)
 - Equipment (estimated WAP expenses over \$5,000)
 - Supplies (estimated WAP expenses under \$5,000)
 - Contract (any special contracts)
 - Other Direct Costs (e.g., Reporting software expenses for WAP, state monitoring vehicle maintenance, etc.)

- How does your State determine the <u>Grantee</u>
 T&TA Allocation?
- What data is used in this determination?
- Who is involved in making this decision?
- Do you have an in-state Training Center
- Does the Grantee procure trainings for the Subgrantees?

Determining Your Subgrantee Allocations

- Create a spreadsheet with agencies on the Y axis and the budget categories on the upper X axis.
- Determine which budget categories you will be using:
 - Required budget categories:
 - > Subgrantee Admin., Subgrantee T&TA, Program Operations, and Weatherization Readiness.
 - Optional budget categories:
 - Vehicles and Equipment, Health & Safety, Liability Insurance, Leveraging, Financial Audits, Energy Crisis, Disaster Crisis, and Special Projects I-V

Determining Your Subgrantee Allocations

	Subgrantee	Unit Goal	Subgrantee Administration	Subgrantee T&TA	Program Support	Program Operations	Program Operations (Combined)	Health & Safety	Liability Insurance	Leveraging	Financial Audits	Weatherization Readiness	FY 2023 Total Allocations
Per Unit Cost Basis			\$1,025	\$15,000	\$1,250	\$7,000	\$8,250	\$800			\$10

Set Up Administrative Calculations

- Create a column that calculates and verifies Administrative total allocations
- Program cells to calculate:
 - Total Maximum Allowable Admin. (15%)
 - Minimum Subgrantee Admin. (7.5%+)
 - Available Grantee Admin.
 - Budgeted Grantee Admin.
 - Total Grantee & Subgrantee Admin. Budgeted
 - Excess Unused Admin. (Determine where will you move it!)
 - Percentage of Budgeted Grantee Admin. (Must be less than 7.5%)
 - Percentage of Budgeted Subgrantee Admin. (Must be at least 7.5%)
 - Total Percentage of Grantee & Subgrantee Admin. (Must be 15% or less)

- How does your State determine the Subgrantee Administration Allocation?
- What data is used in this determination?
- Who is involved in making this decision?

- How does your State determine the Subgrantee T&TA Allocation?
- What data is used in this determination?
- Who is involved in making this decision?

Subgrantee Administration Exception!

- Grantees may allow Subgrantees who receive less than \$350,000 of new DOE appropriated funds, to use up to an additional five percent (5%) of their subawards for administration
- Grantees shall develop criteria to be used to determine when eligible Subgrantees may use up to an additional five percent (5%) of their subawards for administrative purposes
- The total effect of the additional five percent (5%) of administration costs may result in the State exceeding the fifteen percent (15%) Administrative cost category for the award

<u>Administration Calculations and Systematic Flow</u>

Administrative Calculations
Total Maximum Allowable Admin. (15%)
\$945,000
Minimum Subgrantee Admin. (7.5%)

Admin. %
12.70%

Set Up T&TA Calculations

- Create a column that calculates and verifies T&TA total allocations
- Total available T&TA taken from WPN XX-2
- Program cells to calculate:
 - Subgrantee T&TA
 - Available Grantee T&TA
 - Budgeted Grantee T&TA
 - Total Grantee & Subgrantee T&TA Budgeted
 - Excess Unused T&TA (Determine where will you move it!)
 - Percentage of Total Available T&TA for grant award
 - Percentage of Total Budgeted Grantee T&TA
 - Percentage of Total Budgeted Subgrantee T&TA
 - Percentage of Total Budgeted Grantee & Subgrantee T&TA

T&TA Calculations and Systematic Flow

T&TA Calculations
Total Available T&TA
\$1,000,000

+				
Total Budgeted Subgrantee T&TA %				
6.83%				
=				
Total Budgeted Grantee & Subgrantee T&TA %				
13.41%				

Allowable T&TA Expenditures

Allowable expenditures include:

- Costs incurred for T&TA for any Grantee or Subgrantee (including monitoring and Quality Control Inspector (QCI) training)
- Providing information concerning energy efficiency practices to occupants of eligible dwelling units (client education)
- Evaluation of program outcomes
- Participation, travel, logistics of training, and technical assistance activities and events

Vehicles and Equipment T&TA Expenditures

Allowable expenditures:

 Grantee purchases of vehicles or equipment, which are directly related to specific T&TA activities, such as monitoring, etc.

• Not allowable expenditures:

- T&TA funds shall not be used to purchase vehicles or equipment for Subgrantees to perform weatherization services
 - The cost of these Subgrantee vehicles or equipment to support the Program must be charged to the Vehicle/Equipment or Program Operations categories

- How does your State handle the Optional Budget Categories, i.e.,?
 - Vehicles and Equipment
 - Liability Insurance
 - Leveraging
 - Health & Safety
 - Financial Audit
 - Energy Crisis
 - Disaster Crisis
 - Special Projects I-V
- How does your State ensure full spend-out?

Program Operations Expenditures

Allowable expenditures:

- Materials listed in Appendix A or DOE-approved energy audit protocol
- Materials purchased for incidental repairs as defined in 10 CFR 440
- Materials purchased for health and safety improvements (recommended to include a separate H&S budget category)
- Transportation of weatherization materials, tools, equipment, and work crews to a storage site and to the site of weatherization work
- Maintenance, operation, and insurance of vehicles used to transport weatherization materials
- Maintenance of tools and equipment
- Purchase or annual lease of tools, equipment, and vehicles

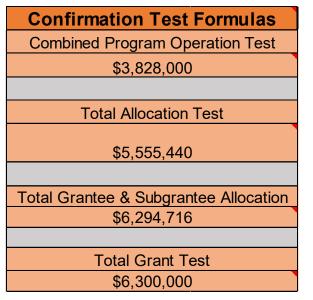

Total Grantee Funds Systematic Flow

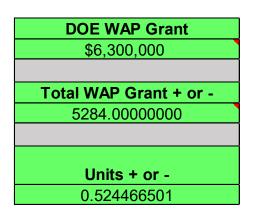

Available Grantee Admin.		Available Grantee T&TA		Total Available Grantee Funds
\$469,400	+	\$570,000	=	\$1,039,400
-	-			-
Budgeted Grantee Admin.		Budgeted Grantee T&TA		Total Budgeted Grantee Funds
\$324,705	+	\$414,571	=	\$739,276
=		=		=
Excess Admin. Moved to Units		Excess T&TA Moved to Units		Total Grantee Excess Moved
(Program Operations)		(Program Operations)		to Weatherize Units
\$144,695	+	\$155,429	=	\$300,124

Keys to the Massachusetts Budget Spreadsheet

- Create cells to program Total WAP grant +/- for:
 - Unbalanced dollars
 - Unbalanced units
 - (If zero appears in both cells, your budget is likely balanced!!)
- If a + (plus) or (minus) amount appears in these cells, you must make adjustments:
 - Adjust "Total Units to Weatherize" cell for an amount greater than 1 in the "Units + or -" cell.
 or
 - Move dollar amount in "Total WAP Grant + or -" cell to a designated "adjustable cell".

Create Checks and Balances to Verify Budget

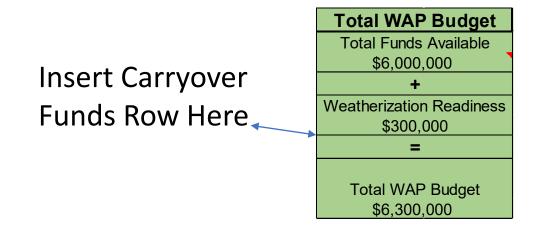

- Program set of four (4) Confirmation Test Formulas:
 - Combined Program Operation Test
 - Total Allocation Test
 - Total Grantee & Subgrantee Allocation Test
 - Total Grant Test

Carryover of Funds (Optional)

- Refer to the Applications Instructions, Pages 12-13
- Add Carryover below the rows for Weatherization Readiness allocation (+ Carryover Funds)
