

Weatherization Assistant Version 10

Example Conversion Timeline

Weatherization Assistant Version 10 – web-based suite of audit tools managed by Oak Ridge National Laboratory for the U.S. Department of Energy in support of the Weatherization Assistance Program.

Applicability – for DOE Weatherization Assistance Program Grantees with Weatherization Assistant Version 8 audit approval extending *at least 6 months beyond* the start of the program year shown. Grantees whose audit approval does not extend as noted should follow standard audit approval processes contained in WPN 19-4.
