- Goal 1** - Individuals and families with low incomes are stable and achieve economic security.
- Goal 2** - Communities where people with low incomes live are healthy and offer economic opportunity.
- Goal 3** - People with low incomes are engaged and active in building opportunities in communities.

Arizona's Community Action Agencies are centrally located to serve their communities. For maximum impact, they partnered with:

- 671 non-profits
- 843 for-profits

There were 403,909 hours of volunteer time donated to CAAs in Arizona.

## What kind of RESOURCES do CAAs have?

Community Action Agencies utilize a Results Oriented Management and Accountability system that is strategically designed to ensure accountability and improve performance management. In FY19, there was 1 ROMA professional available in the network to help agencies with planning, reporting, data analysis and evaluation.

Community Action Agencies leverage several other federal, state, local, and other private funds.

For every \$1 of CSBG, Arizona's CAAs leveraged \$29.64 from federal, state, local, and private sources, including the value of volunteer hours.

\*Value of Volunteer Hours calculated using federal minimum wage.
