

WHO WE SERVED...

The Community Services Block Grant (CSBG) provides critical funding to Community Action Agencies (CAAs) to operate programs addressing the causes and conditions of poverty under three national goals:

- Goal 2 - Communities where people with low incomes live are healthy and offer economic opportunity.
- Goal 3 - People with low incomes are engaged and active in building opportunities in communities.

For FFY 2019:

There were 8 CAAs, serving 12,837 people with low incomes who were living in 5,425 families.

CAAs served 2,848 people who lacked healthcare, 1,587 people who reported having a disability, 591 senior citizens, 5,785 children living in poverty, and 617 veterans and active military persons.

What kind of **RESOURCES** do CAAs have?

Including all leveraged funds, Kansas had \$48,191,460 available to the CAA network to improve the lives of people with low incomes in FY19.

Community Action Agencies utilize CSBG funds to address specific local needs through services and programs that address one or more of the core domains in which we work: employment, education and cognitive development, income, infrastructure and asset building, housing, health and social behavioral development, and civic engagement and community involvement.
