- Goal 1** - Individuals and families with low incomes are stable and achieve economic security.
- Goal 2** - Communities where people with low incomes live are healthy and offer economic opportunity.
- Goal 3** - People with low incomes are engaged and active in building opportunities in communities.

Massachusetts' Community Action Agencies are centrally located to serve their communities. For maximum impact, they partnered with:

- 1,822 non-profits
- 1,619 for-profits
- 272 faith-based organizations
- 279 school districts

There were 860,761 hours of volunteer time donated to CAAs in Massachusetts.

What kind of RESOURCES do CAAs have?

Community Action Agencies utilize a Results Oriented Management and Accountability system that is strategically designed to ensure accountability and improve performance management. In FY19, there were 21 ROMA professionals available in the network to help agencies with planning, reporting, data analysis and evaluation.

Community Action Agencies leverage several other federal, state, local, and other private funds.

For every \$1 of CSBG, Massachusetts' CAAs leveraged \$54.28 from federal, state, local, and private sources, including the value of volunteer hours.

- \$16,000,075 in CSBG funds were allocated in support of CAAs in Massachusetts in FY19.
- Including all leveraged funds, Massachusetts had \$872,717,826 available to the CAA network to improve the lives of people with low incomes in FY19.
