# FFY 2020 STATE CSBG FACTSHEET | WEST VIRGINIA

#### WHO WE SERVED...

#### For FFY 2020:

There were 16 CAAs, serving 59,099 people with low incomes who were living in 24,427 families.

CAAs served 2,774 people who lacked healthcare. 5,787 people who reported having a disability, 6,150 senior citizens, 22,583 children living in poverty, and 7,652 veterans and active military persons.

From West Virginia's FFY 2020 Community Services Block Grant Annual Report

The Community Services Block Grant (CSBG) provides critical funding to Community Action Agencies (CAAs) to operate programs addressing the causes and conditions of poverty under three national goals:

Goal 1 - Individuals and families with low incomes are stable and achieve economic security. Goal 2 - Communities where people with low incomes live are healthy and offer economic opportunity. Goal 3 - People with low incomes are engaged and active in building opportunities in communities.

West Virginia's Community Action Agencies are centrally located to serve their communities. For maximum impact, they partnered with:

- 427 non-profits
- 140 for-profits
- 242 faith-based organizations
- 116 school districts

There were 205,539 hours of volunteer time donated to CAAs in West Virginia.

# What kind of **RESOURCES**

Community Action Agencies utilize a Results Oriented Management and Accountability system that is strategically designed to ensure accountability and

improve performance management. In FY20, there were 26 ROMA professionals available in the network to help agencies with planning, reporting, data analysis and evaluation.

Community Action Agencies leverage several other federal, state, local, and other private funds.

For every \$1 of CSBG, West Virginia's CAAs leveraged \$10.33 from federal, state, local, and private sources, including the value of volunteer hours.

\*Value of Volunteer Hours calculated using federal minimum wage \*\* Values may not equal total due to rounding.

- \$10,722,533 in CSBG funds were allocated in support of CAAs in West Virginia in FY20.
- Including all leveraged funds West Virginia had \$119,349,757 available to the CAA network to improve the lives of people with low incomes in FY20.

6 CAAs in West Virginia also operate the Low Income Home Energy Assistance Program (LI-HEAP).

11 CAAs in West Virginia also operate the Weatherization Assistance Program (WAP).

Head 9 CAAs in West Virginia also operate a Head Start Program.

# FFY 2020 STATE CSBG FACTSHEET | WEST VIRGINIA

From West Virginia's FFY 2020 Community Services Block Grant Annual Report

Community Action Agencies utilize CSBG funds to address specific local needs through services and programs that address one or more of the core domains in which we work: employment, education and cognitive development, income, infrastructure and asset building, housing, health and social behavioral development, and civic engagement and community involvement.

#### **EMPLOYMENT**

733 outcomes were obtained in the employment domain. This includes outcomes such as obtaining and maintaining a job, increasing income, and obtaining benefits.

#### **EDUCATION**

15,301 outcomes were obtained in the education and cognitive development domain. This includes outcomes such as improved literacy skills, school readiness, and obtaining additional education and diplomas.

### **INCOME & ASSETS**

7,436 outcomes were obtained in the income and asset building domain. This includes outcomes such as maintaining a budget, opening a savings account, increasing assets and net worth, and improving financial well-being.

## **CIVIC ENGAGEMENT**

104 outcomes were obtained in the civic engagement and community involvement domain. This includes outcomes such as increasing leadership skills, and improving social networks.

#### **HOUSING**

9,253 outcomes were obtained in the housing domain. This includes outcomes such as obtaining and maintaining housing, avoiding eviction or foreclosure, and reducing energy burden.

## **HEALTH**

33,741 outcomes were obtained in the health and social/behavioral development domain. This includes outcomes such as increasing nutrition skills, improving physical or mental health, and living independently.
