

From American Samoa's FFY 2021 Community Services Block Grant Annual Report

WHO WE SERVED...

For FFY 2021:

There were 15 CAAs, serving 739 people with low incomes who were living in 667 families.

CAAs served 23 people who lacked healthcare, 14 people who reported having a disability, 20 senior citizens, 390 children living in poverty, and 1 veteran.

WHAT IS CSBG?

The Community Services Block Grant (CSBG) provides critical funding to Community Action Agencies (CAAs) to operate programs addressing the causes and conditions of poverty under three national goals:

- Goal 1** - Individuals and families with low incomes are stable and achieve economic security.
- Goal 2** - Communities where people with low incomes live are healthy and offer economic opportunity.
- Goal 3** - People with low incomes are engaged and active in building opportunities in communities.

American Samoa's Community Action Agencies are centrally located to serve their communities. For maximum impact, they partnered with:

- 12 non-profits
- 17 for-profits
- 5 faith-based organizations
- 8 school districts

There were 6,416 hours of volunteer time donated to CAAs in American Samoa.

What kind of RESOURCES do CAAs have?

Community Action Agencies utilize a Results Oriented Management and Accountability system that is strategically designed to ensure accountability and improve performance management. ROMA professionals were available in the network to help agencies with planning, reporting, data analysis and evaluation.

Community Action Agencies leverage several other federal, state, local, and other private funds.

For every \$1 of CSBG, American Samoa's CAAs leveraged \$0.47 from federal, state, local, and private sources, including the value of volunteer hours.

- \$901,235 in CSBG funds were allocated in support of CAAs in American Samoa in FY21.
- Including all leveraged funds American Samoa had \$3,559,865 available to the CAA network to improve the lives of people with low incomes in FY21.

*Value of Volunteer Hours calculated using federal minimum wage.
 ** Values may not equal total due to rounding.

Community Action Agencies utilize CSBG funds to address specific local needs through services and programs that address one or more of the core domains in which we work: employment, education and cognitive development, income, infrastructure and asset building, housing, health and social behavioral development, and civic engagement and community involvement.
