- Goal 1** - Individuals and families with low incomes are stable and achieve economic security.
- Goal 2** - Communities where people with low incomes live are healthy and offer economic opportunity.
- Goal 3** - People with low incomes are engaged and active in building opportunities in communities.

South Dakota's Community Action Agencies are centrally located to serve their communities. For maximum impact, they partnered with:

- 337 non-profits
- 313 for-profits
- 81 faith-based organizations
- 57 school districts

There were 197,878 hours of volunteer time donated to CAAs in South Dakota.

What kind of RESOURCES do CAAs have?

Community Action Agencies utilize a Results Oriented Management and Accountability system that is strategically designed to ensure accountability and improve performance management. In FY21, there were 2 ROMA professionals available in the network to help agencies with planning, reporting, data analysis and evaluation.

Community Action Agencies leverage several other federal, state, local, and other private funds.

For every \$1 of CSBG, South Dakota's CAAs leveraged \$25.03 from federal, state, local, and private sources, including the value of volunteer hours.

- \$3,450,519 in CSBG funds were allocated in support of CAAs in South Dakota in FY21.
- Including all leveraged funds South Dakota had \$106,293,174 available to the CAA network to improve the lives of people with low incomes in FY21.
