

NASCSP Member Only Survey - Availability of WAP Funds

Introduction

Based on Member request, NASCSP is surveying the WAP Grantee network for updates on recent availability of funds from both DOE and LIHEAP. We recommend meeting with your fiscal department prior to responding to ensure accuracy of responses.

We encourage Grantees to continue WAP program operations. NASCSP has had no direction to do otherwise from the U.S. Department of Energy.

Responses to this survey will be posted in the Member Portal on the NASCSP website and shared with the NASCSP staff and Board of Directors.

Please complete this survey on or before February 21, 2025.
