Documents are then reviewed, and a call is arranged to discuss any unmet standards. ### SECTION 7 State Use of Funds

#### Eligible Entity Allocation (90 Percent Funds) [Section 675C(a) of the CSBG Act]

**7.1. Formula:**

Select the method (formula) that best describes the current practice for allocating CSBG funds to eligible entities.

- ☐ Historic
- ☒ Base + Formula
- ☐ Formula Alone
- ☐ Formula with Variables
- ☐ Hold Harmless + Formula
- ☐ Other

**7.1a. Formula Description: Describe the current practice for allocating CSBG funds to eligible entities.**

In Ohio, the CSBG Eligible Entity Allocation formula is based on historic CAA funding levels and an adjustment based on poverty population. Ninety percent of the fiscal year 1983 allocation will serve as each subrecipients funding base. The remaining funds up to 90% of the states allocation are calculated for each subrecipient based upon the service area population that is at or below 125% of the poverty guidelines. If the eligibility level is permanently changed to 200%, Development will re-calculate based upon that population level.

**7.1b. Statute: Does a state statutory or regulatory authority specify the formula for allocating "not less than 90 percent" funds among eligible entities?** ☒ Yes ☐ No

**7.2. Planned Allocation:**

Specify the percentage of your CSBG planned allocation that will be funded to eligible entities and "not less than of 90 percent funds" as described under Section 675C(a) of the CSBG Act.

In the table, provide the planned allocation for each eligible entity receiving funds for the fiscal year(s) covered by this plan.

**7.3. Distribution Process:**  
Describe the specific steps in the state's process for distributing 90 percent funds to the eligible entities and include the number of days each step is expected to take; include information about state legislative approval or other types of administrative approval (such as approval by a board or commission).

The State of Ohio's process for distributing CSBG funds begins with approval of the biennial budget. In January of odd numbered years, the Governor presents his budget proposal that includes which department will administer CSBG. Both houses of the legislature review and create their proposed budgets which are then worked through to agreement. The recommended budget is returned to the Governor for signing by June 30, so that the new budget is in effect at the start of the state fiscal year on July 1. A Controlling Board comprised of legislators approves the amount of anticipated funding to be spent during each biennium. If funding amounts change, the Controlling Board can be revisited. Ohio's CAAs are provided with the allocated amount and asked to prepare and submit a 2-year Community Action Plan via an application process that takes 3-4 months to complete between preparation, submission, review, revisions and approval. After the Notice of Award (NOA) is received from HHS, within 30 days Development sends out grant agreements which serve as the contract for the grant. The timing of this depends upon the release of the NOA.

**7.3a Distribution Method:** Select the option below that best describes the distribution method the state uses to issue CSBG funds to eligible entities:

☐ Reimbursement

☐ Advance

☒ Hybrid

☐ Other

**7.4. Distribution Timeframe:**  
Does the state plan to make funds available to eligible entities no later than 30 calendar days after OCS distributes the federal award? ☒ Yes  
☐ No

**7.4a. Distribution Consistency:** If no, describe state procedures to ensure funds are made available to eligible entities consistently and without interruption.

*Note: Item 7.4 is associated with State Accountability Measure 2Sa and may prepopulate the state's annual report form.*

**7.5. Distribution of Funds Performance Management Adjustment:**  
Describe the state's strategy for improving grant and/or contract administration procedures under this State Plan as compared to past plans. Any improvements should be based on analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any improvements, provide further detail.

*Note: This information is associated with State Accountability Measure 2Sb and may prepopulate the state's annual report form.*

A recent upgrade to the electronic signature process allows for quicker returns from agencies and more timely execution of the grant agreements so that funds can be disbursed.

**7.8. State FTEs:** Provide the number of state Full Time Equivalents (FTEs) to be funded with CSBG funds for the FFY(s) covered by this State Plan

Year One	8.00	Year Two	8.00
----------	------	----------	------

**7.9. Remainder/Discretionary Funds Use:** Does the state have remainder/discretionary funds, as described in Section 675C(b)(1) of the CSBG Act? ☒ Yes ☐ No

If yes, provide the allocated percentage and describe the use of the remainder/discretionary funds in the table below.

Year One (0.00%)	5.50%	Year Two (0.00%)	5.50%
------------------	-------	------------------	-------

#### Use of Remainder/Discretionary Funds(See Section 675C(b)(1) of the CSBG Act)

**Note:** This response will link to the corresponding assurance, Item 14.2.

*If a funded activity fits under more than one category in the table, allocate the funds among the categories. For example, if the state provides funds under a contract with the State Community Action association to provide training and technical assistance to eligible entities and to create a statewide data system, the funds for that contract should be allocated appropriately between Items 7.9a. - 7.9c. If allocation is not possible, the state may allocate the funds to the main category with which the activity is associated.*

The Ohio Revised Code (122.68 (C)(2) requires Development to provide at least 91% of Ohio's total CSBG allocation to eligible entities. OCA distributes 90% by allocation as required by the CSBG Act, and 1% via discretionary grants. The code also requires that at least 4.5% of the total CSBG allocation be distributed to Ohio nonprofit organizations that provide training and technical assistance (T&TA) to community action agencies. Discretionary funds may address emergency situations such as natural disaster or catastrophe relief, capacity building or upgrades to technical or security systems. Funds are available to all Ohio CAAs on a first come first served basis. Interested agencies contact Development describing the need or opportunity and leadership decides if the grant will be awarded. Based upon feedback from agencies regarding the updates to the State Plan, and input provided via the ACSI survey, Development is interested in working more closely with the funded organizations to provide T&TA as requested.

Development reviews agency partnerships that are described in each agency's CSBG application (Community Action Plan) and needs assessment to verify the CAAs' engagement with its community. Projects with multiple funding streams are outlined in the grant application, some of which are long-standing partnerships. Board members often represent a variety of backgrounds and expertise, which bring broad perspectives to the organization.

#### 9.3. Eligible Entity Linkages and Coordination

**9.3a. State Assurance of Eligible Entity Linkages and Coordination:** Describe how the state will assure that eligible entities will partner and collaborate with public and private sector organizations to assure the effective delivery and coordination of CSBG services to low-income people and communities and avoid duplication of services (as required by the assurance under Section 676(b)(5)).

This information includes a description of how the state and the eligible entities will coordinate the provision of employment and training activities through statewide and local WIOA workforce development systems. This information may also include examples of innovative employment and training programs and activities conducted by community action agencies or other neighborhood-based organizations as part of a community antipoverty strategy.

**9.4b. Employment and Training Activities:** If the state selected "no" under item 9.4, describe the coordination of employment and training activities, as defined in Section 3 of WIOA, by the state and by eligible entities providing activities through the WIOA system.

The Office of Community Assistance, which administers the CSBG program, invites the Office of Workforce Development to participate in the CSBG Advisory Committee, providing an opportunity for that office to respond to the proposed state plan. Many of our CAAs work with or are the OhioMeansJobs One Stop employment resource location for the service area.

Linkages and collaborations are reflected in the CSBG grant application (Community Action Plan). Outcomes are reported on a quarterly basis as part of agency ROMA workplans.

**9.8. Coordination among Eligible Entities and State Community Action Association:**  
Describe state activities for supporting coordination among the eligible entities and the state community action association.

*Note: This information will pre-populate the Annual Report, Module 1, Item G.5.*

Development provides funding to the Ohio Community Action Training Organization (OCATO) and Ohio Urban Community Action Network (OUCAN) to conduct various training events based upon identified areas of opportunity. Both organizations encourage networking among Ohio CAAs and communicate with agencies on issues of interest locally, statewide and nationally. The financial reporting process and controls in preparation of SF425 are listed below: 1. All invoices are reviewed and approved by Developments fiscal manager. 2. Once reviewed, invoices are submitted to the Ohio Administrative Knowledge System (OAKS, the State of Ohio Accounting System) 3. The reporting tool Cognos is used as a data warehouse to create reports from the OAKS system. 4. OCA developed a hybrid monitoring process which was used with success in 2024. After establishing a date for the onsite visit, the assigned representative sent an email request for various documents to be emailed for a pre-monitoring review. Any concerns were addressed when onsite. In 2025, OCA will begin monitoring approximately 1/3 of the Ohio CAAs each year, ordered upon results of the risk assessment. The monitoring tool will be updated to remove questions about effects of the pandemic, and focus more on nominating and board development, visiting remote sites, and either attending a board meeting or obtaining survey results from all board members. The same tool will be used in 2025, 2026 and 2027, so that all agencies experience the same process.

### SECTION 12 Individual and Community Income Eligibility Requirements

#### 12.1. Required Income Eligibility:

Provide the income eligibility threshold for services in the state.

*[Check one item below.]*

☐ 125% of the HHS poverty line ☒ X% of the HHS poverty line (fill in the threshold) ☐ Varies by eligible entity

200% % *[Response Option: numeric field]*

#### 12.1a. Income Eligibility Policy and Procedures: Describe any state policy and/or procedures for income eligibility, such as treatment of income and family/household composition.

Ohio will utilize 200% for income eligibility as long as authorized to do so. See attached CSBG Policies and Procedures Manual, Section C 6, pages 21-23.

#### 12.2. Income Eligibility for General/Short-Term Services:

Describe how the state ensures eligible entities generally verify income eligibility for those services with limited in-take procedures (where individual income verification is not possible or practical). An example of these services is emergency food assistance.

Census tract data may be utilized to demonstrate the incidence of poverty in the community where the emergency service is being provided. Proxy eligibility determinations could be used for those with verification that they are receiving TANF or other government-provided social services, for example.

#### 12.3. Community-targeted Services: Describe how the state ensures eligible entities' services target and benefit low-income communities for services that provide a community-wide benefit (e.g., development of community assets/facilities, building partnerships with other organizations).

While this has not been an area of focus, we have had two eligible entities in the last two years that completed Community National Performance Indicators. All agencies complete needs assessments and strive to fill individual needs within the broader community.

<b>13.3. Eligible Entity Support:</b> Describe how the state supports the eligible entities in using the ROMA or alternative performance measurement system.

Development provides training and instruction on the Results-Oriented Management and Accountability (ROMA) system as part of each two-year grant application process. ROMA training is also available through the Ohio Community Action Training Organization (OCATO). OCATO receives a training and technical assistance grant from Development and is the training affiliate of the Ohio Association of Community Action Agencies (OACAA). The Ohio Urban Community Action Network (OUCAN) also provides ROMA training sessions.	
<b>13.4. Eligible Entity Use of Data:</b> Describe how is the state plan to validate the eligible entities that are using data to improve service delivery?	
<i><b>Note: This response will also link to the corresponding assurance, Item 14.12.</b></i>	
Development reviews each CSBG grant application (Community Action Plan) and the agency's community needs assessment, which contains data on the territory being served. This data may include demographic information, needs experienced by the low-income population, and the number of resources being provided by the CAA and other agencies within that community. By understanding the top needs within each community, eligible entities determine priorities for the agency. CAAs review data quantifying program outcomes and determine if changes should be made. Development reviews applications for reference to the needs assessment and expects agencies to connect identified needs with programs to address them. Such consultations may occur at the time CSBG grant applications are submitted, when program and budget revisions are submitted, and when quarterly ROMA reporting is taking place.	
<b>Community Action Plans and Needs Assessments</b>	
<b>13.5. Community Action Plan:</b> Describe how the state will secure a Community Action Plan from each eligible entity, as a condition of receipt of CSBG funding by each entity, as required by Section 676(b)(11) of the CSBG Act.	
<i><b>Note: this response will link to the corresponding assurance, Item 14.11.</b></i>	
Development requires each CAA to submit a CSBG grant application every two years, per Section C 2, page 15, of the attached Policies and Procedures Manual. This CSBG grant application is what Ohio considers the Community Action Plan. The grant application is amended, and a new approval process takes place when program areas or budget information is changed.	
<b>13.6. Community Needs Assessment:</b> Describe how the State will assure that each eligible entity includes a community needs assessment for the community served (which may be coordinated with community needs assessments conducted by other programs) in each entity's Community Action Plan, as required by Section 676(b)(11) of the CSBG Act.	
<i><b>Note: this response will link to the corresponding assurance, Item 14.11.</b></i>	

Per CSBG Organizational Standard 3.1, eligible entities are required to undertake a community needs assessment and issue a report every three years. The standards are reviewed annually which is when Development assures each eligible entity has one. It is also expected that community needs assessment will be updated if there are major changes in the service area that impacts the needs of target populations. An example would be the loss of a major employer or a natural disaster.

  - (I) document best practices based on successful grassroots intervention in urban areas, to develop methodologies for widespread replication; and
  - (II) strengthen and improve relationships with local law enforcement agencies, which may include participation in activities such as neighborhood or community policing efforts;

The CSBG application is designed to create each agency's Community Action Plan by establishing workplans in each of the domains captured in the CSBG Federal Annual Report. Development reviews the application to verify that the workplans align with adherence to these assurances. As programmatic reporting and revisions are submitted over the two-year grant period, they are always reviewed before approval to assure the criteria are being met.

##### Needs of Youth

14.1b. 676(b)(1)(B) Describe how the state will assure "that funds made available through grant or allotment will be used -

(B) to address the needs of youth in low-income communities through youth development programs that support the primary role of the family, give priority to the prevention of youth problems and crime, and promote increased community coordination and collaboration in meeting the needs of youth, and support development and expansion of innovative community-based youth development programs that have demonstrated success in preventing or reducing youth crime, such as--

- (i) programs for the establishment of violence-free zones that would involve youth development and intervention models (such as models involving youth mediation, youth mentoring, life skills training, job creation, and entrepreneurship programs); and
- (ii) after-school child care programs;

CSBG applications include Family National Performance Indicators (FNPIs) and Activities/Services to indicate program(s) that address the needs of youth in low-income communities. Quarterly ROMA reports and the annual report provide documentation of outcomes. Partnerships in which CAAs engage may also provide programs to address the needs of youth in low-income communities.

##### Coordination of Other Programs

14.1c. 676(b)(1)(C) Describe how the state will assure "that funds made available through grant or allotment will be used -

(C) to make more effective use of, and to coordinate with, other programs related to the purposes of this subtitle (including state welfare reform efforts)

Coordination efforts by CAAs are described in the Linkages domain in CSBG grant applications. Depending upon the needs of the community, agencies partner with various other programs and organizations. The CSBG Advisory Committee includes representation from the Office of Workforce Development at the Ohio Department of Job and Family Services, Ohio Association of Foodbanks, The Breathing Association, and the Governors Office of Faith-Based and Community Initiatives.

##### State Use of Discretionary Funds

**14.2 676(b)(2) Describe "how the state intends to use discretionary funds made available from the remainder of the grant or allotment described in section 675C(b) in accordance with this subtitle, including a description of how the state will support innovative community and neighborhood-based initiatives related to the purposes of this subtitle."**

***Note: The State describes this assurance under "State Use of Funds: Remainder/Discretionary," items 7.9 and 7.10***

### **Eligible Entity Service Delivery, Coordination, and Innovation**

**14.3. 676(b)(3) "Based on information provided by eligible entities in the state, a description of..."**

**14.3a. 676(b)(3)(A) Describe "the service delivery system, for services provided or coordinated with funds made available through grants made under 675C(a), targeted to low-income individuals and families in communities within the state;**

As part of the biennial application for the CSBG, Development requires all agencies to detail programs and services that will be provided, along with budgeted cost categories. The workplans include projects and coordination pertaining to both established services as well as innovative initiatives. Designated CAAs provide services on a stand-alone basis or in partnership with other local public and private entities in all 88 Ohio counties.

### **Eligible Entity Linkages - Approach to Filling Service Gaps**

**14.3b. 676(b)(3)(B) Describe "how linkages will be developed to fill identified gaps in the services, through the provision of information, referrals, case management, and followup consultations."**

***Note: The state describes this assurance in the state linkages and communication section, item 9.3b.***

Development recently monitored client files and subsequently amended policies and procedures with more guidance on documentation required for client files. Referrals for other services and case notes are specified as requirements. CAAs are not required to follow up on referrals to external organizations.

### **Coordination of Eligible Entity Allocation 90 Percent Funds with Public/Private Resources**

**14.3c. 676(b)(3)(C) Describe how funds made available through grants made under 675C(a) will be coordinated with other public and private resources."**

***Note: The state describes this assurance in the state linkages and communication section, item 9.7.***

CAAs coordinate through referrals, information sharing, and by subcontracting with other community organizations to provide the programs, services, and benefits identified through their service territory needs assessments. Linkages and collaborations are reflected in the CSBG grant application (Community Action Plan). Outcomes are reported on a quarterly basis as part of agency ROMA workplans.

### **Eligible Entity Innovative Community and Neighborhood Initiatives, Including Fatherhood/Parental Responsibility**

***Note: The description above is about eligible entity use of 90 percent funds to support these initiatives. States may also support these types of activities at the local level using State remainder/discretionary funds, allowable under Section 675C(b)(1)(F). In this State Plan, the State indicates funds allocated for these activities under item 7.9(f).***

When a CAA creates a program of this type, they will submit a workplan utilizing the national performance indicators. Development does not use remaining/discretionary funds in this manner.

### **Eligible Entity Emergency Food and Nutrition Services**

**14.4. 676(b)(4) Describe how the state will assure "that eligible entities in the state will provide, on an emergency basis, for the provision of such supplies and services, nutritious foods, and related services, as may be necessary to counteract conditions of starvation and malnutrition among low-income individuals."**

Development will continue to use the CSBG application which allows work plans for emergency and nutrition services. Many Ohio CAAs provide nutrition-related services.

### **State and Eligible Entity Coordination/linkages and Workforce Innovation and Opportunity Act Employment and Training Activities**

**14.5. 676(b)(5) Describe how the state will assure "that the state and eligible entities in the state will coordinate, and establish linkages between, governmental and other social services programs to assure the effective delivery of such services, and [describe] how the State and the eligible entities will coordinate the provision of employment and training activities, as defined in section 3 of the Workforce Innovation and Opportunity Act, in the state and in communities with entities providing activities through statewide and local workforce development systems under such Act."**

## 15.2. CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645 (a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

### Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. For grantees other than individuals, Alternate I applies.
4. For grantees who are individuals, Alternate II applies.
5. Workplaces under grants, for grantees other than individuals, need to be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or state highway department while in operation, state employees in each local unemployment office, performers in concert halls or radio studios).
7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

**Controlled substance** means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);.

**Conviction** means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the federal or state criminal drug statutes;

**Criminal drug statute** means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

**Employee** means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant

and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

### **Certification Regarding Drug-Free Workplace Requirements**

#### **Alternate I. (Grantees Other Than Individuals)**

The grantee certifies that it will or will continue to provide a drug-free workplace by:

(b) Establishing an ongoing drug-free awareness program to inform employees about--

(1) The dangers of drug abuse in the workplace;

(2) The grantee's policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and
