***(Note: This information is associated with State Accountability Measures 1Sa(ii) and may pre-populate the State's annual report form)***

The state plan process begins with the annual budget presentation to the Joint Finance Committee of the Idaho Legislature in January/ February each year. Approval of this budget gives IDHW authority to submit the State Plan as a request of funding and the authority to spend those funds. Beginning in March of 2025 DHW gathered input on the State Plan form eligible entities during monthly CSBG manager meetings. At meetings, sections of the plan are reviewed as a group and shared with the eligible entities in a follow up email. Eligible entities are given multiple opportunities to provide feedback and suggestions. DHW also incorporated information gathered from submitted Community Action Plans for the upcoming year and the results of surveys, Annual Report submissions, and Organizational Standards. Additionally, feedback survey is sent out to the network for suggestions or comments. Recommendations identified by eligible entities are reviewed and incorporated in the state plan when feasible. The draft plan is sent to all eligible entities, and they are invited to share the plan with community partners and post the plan and public comment information to their social media and websites.

**3.4b. Performance Management Adjustment:** Describe how the state adjusted its State Plan development procedures under this State Plan, as compared to previous State Plans, in order to:

- 1) encourage eligible entity participation and
- 2) ensure the State Plan reflects input from eligible entities?

Any adjustment should be based on the State's analysis of past performance in these areas, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing.

If the State is not making any adjustments, provide further detail.

***(Note: This information is associated with State Accountability Measures 1Sb(i) and (ii) and pre-populate the Annual Report, Module 1, Item B.1.)***

DHW has engaged the network consistently as the State Plan process was completed. A focus on consistent and clear communication was maintained in the process. A review meeting of the draft State Plan was held with all eligible entities and a survey was sent out to all eligible entities to find additional ways to engage them with the State Plan process and the results are incorporated in the development of upcoming State Plans. This year eligible entities had questions regarding the monitoring schedule and linkages. DHW was able to engage in conversations regarding federal requirements for monitoring and increase linkage goals at the state level.

**3.5. Eligible Entity Overall Satisfaction:**

Provide the State's target for eligible entity Overall Satisfaction during the performance period:

If an eligible entity identifies any standard as unmet, they will complete a work plan that details their plan to address the unmet standard, who will be accountable for the plan, and the timeline for completion. DHW will then complete a review of each eligible entity's self-assessment tool, documentation, and work plans. The results of the review will be used to identify training and technical assistance needs and trends in the state. If DHW determines that an eligible entity has an unmet standard, they will ensure that the eligible entity has a work plan in place to meet the standard within a reasonable timeframe, not to exceed the next monitoring timeframe. DHW has identified eight high-risk standards; if any of these standards are unmet, the eligible entity may be required to develop a work plan as outlined in the Idaho Organizational Standards Verification tool and DHW will contact monthly to assess the progress toward meeting the standard. High-risk Standards may also require, at DHW's discretion, that a Required Action Plan, additional training or technical assistance, and/ or a Corrective Action Plan be completed.

### SECTION 7 State Use of Funds

#### Eligible Entity Allocation (90 Percent Funds) [Section 675C(a) of the CSBG Act]

**7.1. Formula:**

Select the method (formula) that best describes the current practice for allocating CSBG funds to eligible entities.

- ☐ Historic
- ☒ Base + Formula
- ☐ Formula Alone
- ☐ Formula with Variables
- ☐ Hold Harmless + Formula
- ☐ Other

**7.1a. Formula Description: Describe the current practice for allocating CSBG funds to eligible entities.**

A minimum of 90% of Idaho's CSBG funds will be distributed to the eligible entities. Each eligible entity will receive a 6% base amount. Exceptions are Community Action Partnership who receives two base amounts and Community Council of Idaho which receives 7% base. The remaining allocation will be based on the percentage of people in poverty in the counties covered by the eligible entity as a proportion of the overall number of people in poverty within Idaho. Community Council of Idaho does not receive an allocation beyond the base amount. The funding formula will be reviewed every five (5) years and the percentage of poverty data will be updated every two (2) years with the most recent Small Area Income and Poverty Estimate (SAIPE) data.

**7.1b. Statute: Does a state statutory or regulatory authority specify the formula for allocating "not less than 90 percent" funds among eligible entities?** ☐ Yes ☒ No

**7.2. Planned Allocation:**

Specify the percentage of your CSBG planned allocation that will be funded to eligible entities and "not less than of 90 percent funds" as described under Section 675C(a) of the CSBG Act.

In the table, provide the planned allocation for each eligible entity receiving funds for the fiscal year(s) covered by this plan.

**7.3. Distribution Process:**

Describe the specific steps in the state's process for distributing 90 percent funds to the eligible entities and include the number of days each step is expected to take; include information about state legislative approval or other types of administrative approval (such as approval by a board or commission).

As with prior years, CSBG funding is distributed to eligible entities through a subgrant. Subgrants are updated to be in effect by the first of the federal fiscal year (October 1). The Department front-loads subgrants with an estimated amount of funding, then releases spending authority memos notifying entities of the amount of funds currently available based on federal funding award allocations. Release of fund notifications are sent within 10 business days of the receipt of the federal notice of award. When necessary, subgrants will be updated within 30 days of receiving additional federal notice of awards. This process ensures continuous CSBG funding to the eligible entities.

**7.3a Distribution Method: Select the option below that best describes the distribution method the state uses to issue CSBG funds to eligible entities:**

DHW will continue to draft subgrants prior to September to ensure that they are fully executed prior to the beginning of the program year with a No Spend Authority. Once funds are received a Spend Authority will be issued to allow for program spending and reimbursement. Due to changes in the State fiscal systems that delayed reimbursement in PY 2024 DHW has updated how invoices are reviewed and the timelines around those reviews. DHW has also adjusted what is required with invoices to speed review time. DHW continues to encourage discussion on ways to minimize burden with the eligible entities.

Through conversations with eligible entities, DHW determined that the funds should be used to continue funding the statewide database, to provide training and technical assistance at the state level, and to support innovative programs at each eligible entity. DHW manages a competitive Innovation Fund grant process to distribute any remaining discretionary funds. Agencies are surveyed yearly to determine if this fund was beneficial and supported the retention of the fund to ensure that dollars are not fully absorbed into program costs and are available for capacity building and innovation. Prioritization is placed on innovative approaches to strengthening families.

**8.1b. Training and Technical Assistance Collaboration:** Describe how the state will collaborate with the state association and other stakeholders in the planning and delivery of training and technical assistance.

Idaho identifies training and technical assistance needs through the annual review of Organizational Standards, triennial monitoring, and annual reporting data. DHW also solicits feedback on training and technical assistance needs from eligible entities annually. Identified trainings will be incorporated into the states Training and Technical Assistance Plan. DHW will collaborate with eligible entities, regional, and national partners to plan and conduct statewide trainings.

**8.2. Organizational Standards Technical Assistance:** Does the state have Technical Assistance Plans (TAPs) in place for all eligible entities with unmet organizational standards, if appropriate? ☒ Yes ☐ No

*Note: 8.2 is associated with State Accountability Measure 6Sb. The state should put a TAP in place to support eligible entities with one or more unmet organizational standards.*

**8.2a. Address Unmet Organizational Standards:** Describe the state's plan to provide T/TA to eligible entities to ensure they address unmet Organizational Standards. If DHW identifies an unmet standard during the Annual Organizational Standards review, they will work with the eligible entity to develop a work plan or a Technical Assistance Plan and to identify any T/TA needed to help the eligible entity meet the standard. If DHW does not have the resources or expertise to provide the needed T/TA, they will contract with a national or regional partner to provide the T/TA.

The majority of the training and technical assistance is provided by DHW. If there are needs identified that DHW does not have the resources or capacity to provide DHW will contract with other entities including regional and national partners to conduct T/TA. DHW also recognizes the value and expertise that is available in the Idaho network and will encourage but not require that eligible entities share best practices and offer opportunities to build Idaho's capacity through eligible entities providing trainings within the network. DHW will continually assess the T/TA plan and solicit feedback from eligible entities on how training and technical assistance can be improved.

The state may indicate planned use of remainder/discretionary funds for linkage/communication activities in Section 7, State Use of Funds, items 7.9(b) and (c).*

#### 9.1. State Linkages and Coordination at the State Level:

Describe the linkages and coordination at the state level that the state intends to create or maintain to ensure increased access to CSBG services to low-income people and communities under this State Plan and avoid duplication of services (as required by the assurance under Section 676(b)(5)).

*Describe additional information as needed.*

- ☒ State Workforce Innovation and Opportunity Act (WIOA) agency

- ☒ Supplemental Nutrition Assistance Program (SNAP)

- ☐ State housing office
- ☒ Other

Idahos TANF, SNAP, Child Care, LIHEAP, TEFAP, Weatherization, and Child Support programs are all housed within the same unit that administers the state CSBG program, the Division of Self Reliance. Because of this, the CSBG State Office is able to maintain close relationships and coordinate with these programs. The Division directly operates a coordinated statewide eligibility system (the Idaho Benefit Eligibility System, or IBES), which determines eligibility and provides direct benefits for SNAP, Medicaid, TANF, and Child Care services. DHW continually seeks out opportunities to collaborate on state-level initiatives, both within and outside the Division of Self Reliance. In Fiscal Year 2026, DHW will focus specifically on continuing to develop partnerships with the state Head Start Collaboration Office, Idaho Housing, and the Workforce Development Council. These linkages will allow DHW to facilitate collaboration between these offices and the CSBG eligible entities in order to avoid duplication of services and increase access to Head Start, housing, and employment services in low-income communities throughout Idaho. This is an ongoing project that will continue. The increase in linkages to include Idaho Housing is a result of feedback from eligible entities and a reflection of needs identified in Community Needs Assessments.

#### 9.2. State Linkages and Coordination at the Local Level:

Describe how the state is encouraging partnerships and collaborations at the state level with public and private sector organizations, to assure the effective delivery and coordination of CSBG services to transform low-income communities and avoid duplication of services (as required by assurances under Sections 676(b)(5) - (6))

*Note: This response will link to the corresponding CSBG assurances, items 14.5 and 14.6., and pre-populates the Annual Report, Module 1, Item G.2.*

DHW participates in local and statewide networks and coalitions that coordinate to address issues effecting low-income families. Through participation in these groups, DHW will build relationships with community partners. In Fiscal Year 2026, DHW will continue to participate in quarterly statewide Tribal coordination meetings. DHW will seek out other possible partnerships on a regular basis.

#### 9.3. Eligible Entity Linkages and Coordination

**9.3a. State Assurance of Eligible Entity Linkages and Coordination:** Describe how the state will assure that eligible entities will partner and collaborate with public and private sector organizations to assure the effective delivery and coordination of CSBG services to low-income people and communities and avoid duplication of services (as required by the assurance under Section 676(b)(5)).

*Note: This response will link to the corresponding CSBG assurance, item 14.5. and pre-populates the Annual Report, Module 1, Item G.3a.*

As in previous years, Idahos CSBG eligible entities coordinate programs and form partnerships with community organizations and public entities to provide referrals and services to low-income individuals and families. These organizations provide resources to help people out of poverty and assist the agencies in leveraging available community services. The list of these partners is always expanding. DHW assures that eligible entities establish and maintain local linkages through annual Organizational Standards review, assessments of Community Action Plans, annual reporting, and other monitoring activities. Eligible entities are encouraged to share best practices in establishing linkages during monthly CSBG meetings.

#### 9.3b State Assurance of Eligible Entity Linkages to Fill Service Gaps:

Describe how the eligible entities will develop linkages to fill identified gaps in the services, through the provision of information, referrals, case management, and follow-up consultations, according to the assurance under Section 676(b)(3)(B) of the CSBG Act.
<b>Note: This response will link to the corresponding CSBG assurance, item 14.3b., and pre-populates the Annual Report, Module 1, Item G.3b.</b>
As in previous years, when CSBG eligible entities identify gaps in services, they work with other service providers and government agencies to leverage limited resources to fill those gaps and avoid duplication of services. They organize and attend meetings, participate in task forces with local service provider groups, and work closely with city, county, and state governments to ensure the effectiveness of services. Eligible entities also keep updated lists of all available resources in their service areas. When an eligible entity identifies a need that they cannot directly fill, they seek partnerships to fill that need. While the local eligible entity does not have the capacity to meet this need, they partner with and provide referrals to local service providers. DHW assures that CSBG eligible entities establish and maintain local linkages through annual reporting, assessments of Community Action Plans, and monitoring activities.
<b>9.4. Workforce Innovation and Opportunity Act (WIOA) Employment and Training Activities:</b> <b>Does the state intend to include CSBG employment and training activities as part of a WIOA Combined State Plan, as allowed under the Workforce Innovation and Opportunity Act (as required by the assurance under Section 676(b)(5) of the CSBG Act)?</b> <input type="radio"/> Yes <input checked="" type="radio"/> No

<b>Note: This response will link to the corresponding CSBG assurance, item 14.6.</b>
DHW assures that CSBG eligible entities operate energy programs throughout the state, which include the Low-Income Home Energy Assistance Program (including emergency crisis intervention), and the Department of Energys Weatherization Assistance Program. In addition to operating these emergency energy programs, each eligible entity develops relationships with local organizations to leverage resources for referrals and partnerships. Existing resources include: Project Share Project Cares Helping Hands Keep Kids Warm Community/statewide utility company energy assistance programs Energy conservation kits
<b>9.6. Faith-based Organizations, Charitable Groups, Community Organizations:</b> <b>Describe how the state will assure local eligible entities will coordinate and form partnerships with other organizations, including faith-based organizations, charitable groups, and community organizations, according to the state's assurance under Section 676(b)(9) of the CSBG Act.</b>

<b>12.1a. Income Eligibility Policy and Procedures:</b> Describe any state policy and/or procedures for income eligibility, such as treatment of income and family/household composition.	
<p>The State CSBG Program Manual states that income eligibility for CSBG is set at the federal maximum allowable level (currently 125% of the Federal Poverty Level). If federal CSBG legislation is modified in the future to increase the maximum allowable level, CSBG income eligibility in Idaho will automatically increase to meet the new federal maximum. The guidelines to follow are updated annually and provided to the CSBG eligible entities by October 1st each year. All earned and unearned income is counted in determining eligibility, unless excluded by the below: Benefit payments from Medicare Insurance; State cash assistance payments; Childcare subsidy payments; Private loans made to the participant or the household; Assets withdrawn from a personal bank account; Sale of real property if reinvested within three (3) calendar months; Lump sum payment from an IRA; Income tax refunds; Infrequent, irregular or unpredictable income from gifts or lottery winning of less than one hundred dollars (\$100); Legal Fees or settlements from Workmans Compensation paid in a lump sum; Wages or allowances paid to a live-in attendant for care of a disabled person; Interest posted to a bank account; Monies for educational purposes from the federal Perkins/National Direct Student Loan Program, college work-study programs, state student incentive grants, Supplemental Education Opportunity Grants, Pell, guaranteed student loans, and supplemental grant funded under Title IV, A-2; Monies from the VA-GI Bill for Education; Department of Health and Welfare adoption subsidies/ foster care subsidies; Compensation to volunteers under the Older American Act or Foster Grandparent Program, including Green Thumb and VISTA volunteers, and the Title V Senior Employment Program; Payments made by a third party, non-household member for the household, such as for childcare, energy assistance, shelter, food and clothing assistance; Value of food stamps or donated food; Utility allowance; TAFI lump sum payments; Tribal crop or land payments; AmeriCorps stipend; Child support income; Stimulus payments. Income eligibility for CSBG is determined by the households income. Agency staff must view, collect, and upload documentation to the statewide database to verify the households income. For the purposes of CSBG eligibility, a household is defined as one economic unit. CSBG allows multiple economic units residing at one address. Over-income households must have a denial processed in the statewide database. Individuals must be allowed to reapply if circumstances change, and eligibility can be redetermined. Eligibility must be recertified each program year.</p>	
<b>12.2. Income Eligibility for General/Short-Term Services:</b> Describe how the state ensures eligible entities generally verify income eligibility for those services with limited in-take procedures (where individual income verification is not possible or practical). An example of these services is emergency food assistance.	
For services with limited income intake procedures, DHW allows eligible entities to visually verify required documentation for citizenship, income verification, and lawful presence. Eligible entities must upload the signed visual verification form to the client file in the statewide database. As part of the triennial CSBG monitor, DHW completes a file review to verify that eligible entities completed income eligibility review of households served through CSBG programs.	
<b>12.3. Community-targeted Services:</b> Describe how the state ensures eligible entities' services target and benefit low-income communities for services that provide a community-wide benefit (e.g., development of community assets/facilities, building partnerships with other organizations).	
DHW ensures eligible entities services target and benefit low-income communities for those services that provide a community-wide benefit by reviewing Community Action Plans, Community Needs Assessments, Strategic Plans, and Annual Report submissions.

#### 13.1. Performance Measurement System:

Identify the performance measurement system that the state and all eligible entities use, as required by Section 678E(a) of the CSBG Act and the assurance under Section 676(b)(12) of the CSBG Act.

**Note: This response will also link to the corresponding assurance, Item 14.12. and will pre-populate the Annual Report, Module 1, Item I.1.**

- ☒ The Results Oriented Management and Accountability (ROMA) System
- ☐ Another performance management system that meets the requirements by Section 678E(b) of the CSBG Act
- ☐ An alternative system for measuring performance and results

#### 13.1a. ROMA Description: If ROMA was chosen in Item 13.1, describe the state's written policies, procedures, or guidance documents on ROMA.

The Idaho CSBG Program Operations Manual covers the history and purpose of ROMA, the ROMA cycle, and the national goals. The manual also lays out expectations for how CSBG planning and reporting requirements in Idaho align with the ROMA cycle and details the expectations for how ROMA should be implemented within each agency. Eligible entity subgrant agreements include a requirement for each entity to fully implement ROMA and to have at least one Nationally Certified ROMA Implementer on staff. Additionally, ROMA training is included in the States Training and Technical Assistance Plan and provided to the eligible entities annually, or as needed.

#### 13.1b. Alternative System Description: If an alternative system was chosen in Item 13.1, describe the system the state will use for performance measurement.

#### 13.2. Outcome Measures: Indicate and describe the outcome measures the state will use to measure eligible entity performance in promoting self-sufficiency, family stability, and community revitalization, as required under Section 676(b)(12) of the CSBG Act.

**Note: This response will also link to the corresponding assurance, Item 14.12.**

- ☒ CSBG National Performance Indicators (NPIs)
- ☐ NPIs and others
- ☐ Others

Idaho currently collects data and generates reporting for the National Performance Indicators (NPIs) as required in the CSBG Annual Report using a statewide database. Idaho has an established process to utilize outcome measurement for annual reporting to measure eligible entity performance in activities as required in Section 676(b)(12) of the CSBG Act. This process includes reviewing targets compared to actual outcomes and verifying data accuracy.

#### 13.3. Eligible Entity Support: Describe how the state supports the eligible entities in using the ROMA or alternative performance measurement system.

**Note: The activities described under Item 13.3 may include activities... listed in "Section 8: State Training and Technical Assistance." If so, mention briefly, and/or cross-reference as needed. This response will also link to the corresponding assurance, item 14.12.**

DHW currently has one Nationally Certified ROMA Trainer who provides eligible entities with Introduction to ROMA training as well as training and technical assistance relating to strategic planning, community needs assessments, and data analysis. CSBG Discretionary funds are used to support the training, certification, and recertification of Nationally Certified ROMA Implementers at each eligible entity. DHW also continues to host quarterly ROMA of Idaho cohort meetings, during which all ROMA professionals in the state convene to discuss challenges and share best practices and resources.

#### 13.4. Eligible Entity Use of Data:

Describe how is the state plan to validate the eligible entities that are using data to improve service delivery?

**Note: This response will also link to the corresponding assurance, Item 14.12.**

DHW will validate eligible entity use of data to improve service delivery through reviews of Community Action Plans which includes targeting, Annual Report data, and documentation submitted for Organizational Standards 4.3 and 9.3. Community Action Plans and Needs Assessments. Additionally, during triennial monitoring interviews with board members, Executive Directors, and CSBG Directors eligible entities are asked to describe how the agency is using data and has opportunities to ask questions and request support.

#### Community Action Plans and Needs Assessments

#### 13.5. Community Action Plan: Describe how the state will secure a Community Action Plan from each eligible entity, as a condition of receipt of CSBG funding by each entity, as required by Section 676(b)(11) of the CSBG Act.

**Note: this response will link to the corresponding assurance, Item 14.11.**

CSBG eligible entity subgrant agreements require them to submit a Community Action Plan annually. Each eligible entity must use the information gathered through their most recent Community Needs Assessment to complete their Community Action Plan. Prior to releasing CSBG funds to the eligible entities, DHW reviews Community Action Plan submissions for approval and verifies that each eligible entity's most recent plan is complete and on file.

#### 13.6. Community Needs Assessment:

Describe how the State will assure that each eligible entity includes a community needs assessment for the community served (which may be coordinated with community needs assessments conducted by other programs) in each entity's Community Action Plan, as required by Section

676(b)(11) of the CSBG Act.
<i>Note: this response will link to the corresponding assurance, Item 14.11.</i>
CSBG eligible entity subgrant agreements require them to complete a Community Needs Assessment at least once every three years. Eligible entities are required to submit their completed Community Needs Assessment to the Department and must use this information in their strategic planning process, as well as their Community Action Plan. The Department ensures that each eligible entity has a current Community Needs Assessment during the annual Organizational Standards review and the triennial monitor process.

<i><b>Note: The State describes this assurance under "State Use of Funds: Remainder/Discretionary," items 7.9 and 7.10</b></i>	
<b>Eligible Entity Service Delivery, Coordination, and Innovation</b>	
<b>14.3. 676(b)(3) "Based on information provided by eligible entities in the state, a description of..."</b>	
<b>14.3a. 676(b)(3)(A) Describe "the service delivery system, for services provided or coordinated with funds made available through grants made under 675C(a), targeted to low-income individuals and families in communities within the state;"</b>	
Idahos seven CSBG eligible entities serve all of Idahos 44 counties by operating physical offices and additional mobile offices or outreach sites when needed. Entities also accept and encourage alternative methods of application and service delivery including online applications, alternative hours to meet the needs of community members, and offering electronic means of communication including email and phone services. This coverage allows the eligible entities to be closely connected to the communities they serve and provides access for Idahoans in all areas of the state. Each eligible entitys Community Needs Assessment identifies specific needs in their service area and allows programs to be implemented accordingly. Eligible entities offer a range of services from short-term services such as emergency food and energy crisis intervention; to long-term services such as permanent and temporary housing, job skill attainment and job placement. In addition to family-based services, the eligible entities also provide a variety of different community level interventions. If there is a service that the eligible entity does not provide, every effort possible is made to provide the client with an appropriate referral to another community resource or partner organization. While CSBG eligible entities cannot meet all needs, each eligible entity partners with providers and businesses in their communities to fill the gaps.	
<b>Eligible Entity Linkages - Approach to Filling Service Gaps</b>	
<b>14.3b. 676(b)(3)(B) Describe "how linkages will be developed to fill identified gaps in the services, through the provision of information, referrals, case management, and followup consultations."</b>	
<i><b>Note: The state describes this assurance in the state linkages and communication section, item 9.3b.</b></i>	
As in previous years, when CSBG eligible entities identify gaps in services, they work with other service providers and government agencies to leverage limited resources to fill those gaps and avoid duplication of services. They organize and attend meetings, participate in task forces with local service provider groups, and work closely with city, county, and state governments to ensure the effectiveness of services. Eligible entities also keep updated lists of all available resources in their service areas. When an eligible entity identifies a need that they cannot directly fill, they seek partnerships to fill that need. While the local eligible entity does not have the capacity to meet this need, they partner with and provide referrals to local service providers. DHW assures that CSBG eligible entities establish and maintain local linkages through annual reporting, assessments of Community Action Plans, and monitoring activities.	
<b>Coordination of Eligible Entity Allocation 90 Percent Funds with Public/Private Resources</b>	
<b>14.3c. 676(b)(3)(C) Describe how funds made available through grants made under 675C(a) will be coordinated with other public and private resources."</b>	
<i><b>Note: The state describes this assurance in the state linkages and communication section, item 9.7.</b></i>	
Eligible entities develop partnerships with several public and private organizations to coordinate resources and leverage funds to address local needs. Eligible entities may also apply for other public or private sources of funding to support delivery of needed services to low-income families and communities. Some of these resources include: Housing and Urban Development Other Health and Human Services offices United States Department of Agriculture AmeriCorps University of Idaho College of Western Idaho College of Southern Idaho Continuum of Care Lewis and Clarke State College College of Eastern Idaho Boise State University Idaho State University Internal Revenue Service Wells Fargo Bank Idaho Credit Union Association United Way Department of Energy A number of foundations and private sector sources DHW assures that eligible entities coordinate with other available public or private resources through annual Organizational Standards review, assessment of Community Action Plans, and other monitoring activities. ## 15.2. CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645 (a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

### Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. For grantees other than individuals, Alternate I applies.
4. For grantees who are individuals, Alternate II applies.
5. Workplaces under grants, for grantees other than individuals, need to be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or state highway department while in operation, state employees in each local unemployment office, performers in concert halls or radio studios).
7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

**Controlled substance** means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);.

**Criminal drug statute** means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

**Employee** means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant

and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

### **Certification Regarding Drug-Free Workplace Requirements**

#### **Alternate I. (Grantees Other Than Individuals)**

The grantee certifies that it will or will continue to provide a drug-free workplace by:

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted - -

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a federal, state, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).

The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

Check if there are workplaces on file that are not identified here.

## Alternate II. (Grantees Who Are Individuals)

When notice is made to such a central point, it shall include the identification number(s) of each affected grant.
